War Time Measures In Effect On Fuel and Transportation

I. C. C. TAKES CONTROL OF SITUATION

Washington D. .C. July 26.—War time measures were in effect today as the Interstate Commerce Commission announced that a national emergency exists because of the twin rail and coal strikes and assumed a sweeping control of railroad rolling stock and took over direction of the distribution of food, fuel and other necessities required by the nation.

In declaring a national emergency, an unprecedented step in peace times, the Commisison has powers rivaling those exercised by the Government when it took over the railroads during the war. The Government is building up an administration similar to the war-time food and fuel administrations which will aid the Commisison in carrying out its extraordinary powers.

In deciding on this extreme measure President Harding is serving notice on all factions that he will not permit them to jeopardize the welfare of the nation and that a continuation of the tie-up will only result in injury to the workers and owners.

President Harding today or tomorro[illegible] appoint a Presidential Committee, to be composed of representatives o fthe Interstate Commerce Commission and the Departments of Commerce, Justice and the Interior, which will co-operate with the Commerce Department. Reports of profiteering in coal will come to this committee which will make investigations and take necessary action.

The Interstate Commerce Commission will send out appeals to the State public utilities commissions asking that they keep a cloe watch on the rail and coal situations and co-operate in the Federal move to control the distribution of fuel and other necessary commodities.

Chicago, Ill., July 26.—War to the bitter end was seen today as both the Government and Labor Board adopted a "hands off" policy in the rail strike. Peace talk was at a premium. Both factions were planning for a more intense campaign.

(Continued on Page 2).

"NATIONAL EMERGENCY EXISTS," HOOVER DECLARES IN ANNOUNCING DISTRIBUTION PLAN FOR COAL TO PROTECT CONSUMERS

Railroads Required To Use Most Direct Routes In The Transportation Of All Kinds Of Commodities.

PRIORITY SYSTEM IN USE

Washington, D. C., July 25—A "National emergency" growing out of an industrial conflict, has been declared by the Government for the first time in the peacetime history of the United States.

As a result of the coal and rail strikes, the interstate commerce commission, empowered for the first time by the Esch-Cummins law, has assumed control o fthe distribution of fuel, food and other necessities.

In two orders issued today, after a long conference with President Harding and his Cabinet the commission declared the emergency, provided priority regulations for shipments of fuel food, etc., in the eastern half of the country and orders to expedite general freight shipments throughout the country.

Roads Get First Call

Washington, July 25.—The interstate commerce commission today declared an emergency existed in transportation east of the Mississippi River which required it to direct routing of shipments of all essential commodities and to fix preference and priority for movement of food, perishable products, coal and other fuel, and live stock.

The commission declared that in view o fthe emergency cars for coal shipment should be assigned on the basis of preference in coal shipments to the railroads and other common carriers, with public utilities and hospitals in a second class and government institutions, national, state and local in a third class.

The orders, effective tomorrow, further forbid reconsignment or diversion of any coal accepted for transport in any one of the preferred classes and declare that for such special purposes as might appear from time to time, the commission or its agents might specially designate cars to be assigned to mines for preferred loading. A special class of coal shipments also was declared from mine in Pennsylvania, Ohio, West Vifginia, Kentucky, Tennessee and Alabama, giving priority, after government supply, to coal consigned to Lake Erie ports for ship over the Great Lakes to Lake Superior.

Move Coal Quickest Way

In a second general service order issued under its emergency declaration, the commission requires that all carriers in routing shipments disregard the usual practice and forward traffic to the destinations by routes most available to expedite movement and prevent congestion.

The roads further were directed to disregard existing traffic arrangements and freight rate divisions in applying the rule and to discontinue using cars suitable for coal for any other purpose, so long as any coal mine remains with out cars for its operation. All railroads not serving coal mines themselves were ordered to deliver empty coal cars to coal loading railroads as fast as they become available and without any delay and di-

"SHOOT WHEN YOU SEE THE WHITES OF THEIR EYES," MAYOR TELLS COL. MAX

Wholesale Delivery Of All Canine Prisoners From The Dog Jail Rouses Ire Of The Burgess And Order Follows.

MEANS TO ENFORCE LAWS

Some two weeks ago and following many complaints from citizens, Burgess Kittelberger decided to enforce the State Dog Law. For this purpose he employed Col. Max Kuhn, who was awarded the proud title of "King of the dog killers" after demonstrating in this and adjoining communities that he was the "real works" when it came to dispatching the worthless curs which infest the community.

"Col. Max" took up his duties in all seriousness and promptly got into action. The Borough authorities had a "pound" built on the Borough lot on Market Street, the Burgess deciding it was better to pick up stray dogs and hold them for a time before destroying them in order that it might be possible for his owner to rescue Fido in case he actually got away from his kennel. Pursuant to that policy Col. Max gathered up five untagged dogs up to Saturday last when some evil disposed person opened the pound door and all five pups regained liberty and saved their lives.

A lock was procured for the door and up to last evening four more law defying canines had been gathered in to the fold. Last night some person went to the pound pried off the lock broke open the door and again liberated "Col. Max's" dogs.

This morning when apprised of the situation Burgess Kittelberger issued orders to the "Colonel" to "shoot on sight' immediately after being taken into custody every dog caught running at large up on the streets of Clearfield.

Burgess Kittelberger desires to make it plain that the order to enforce the State dog law in Clearfield is no joke. The citizens demanded it and he proposes to have the law obeyed. He desired to give every dog his day and the owner chance to redeem him before execution, but if dog owners do not desire to have it that way, they can and will have war and war to the knife, with no quarter asked and none given.

"Col Mac" is now on the wing and will shoot on sight, while poor Fido may well ejaculate "spare us from our fool friends."

Progressives and Service Men Coming to the Next Congress

"Young Blood To Have Its Way As Veterans Of Many Years Yield To Age Or To Hostile Voters

By KENNETH W. CLARK
(United Press Staff Correspondent)

Washington, D. C. July 26.(United Press).—Congress is due for an infusion of "young blood,"as this year's campaign finds many of the veterans of the legislative halls retiring to their homes, either from choice or because of the popular will.

Not only will younger men, in many cases, occupy the seats now held by stalwarts of another day, but men of a younger political era, inaterations are,will be more numerous in the next congress than in many yea...

The "young bloods," it now appears likely, will be largely in two groups—the socalled progressives and the service men,, veterans of the world war.

The progressives bid fair to infuse new life into the progressive block in the senate by increasing its numbers while in the house the already considerable representation of war veterans probably will be substantially increased.

"UnUcle Joe" Cannon, patriarch of Capitol Hill, who will retire, rounds out 46 yeas service in the House next March. Fordney of Michigan, joint author with Senator McCumber, of the Fordney-McCumber tariff, now under discussion in the senate, is retiring after 24 years' continuous service. Rodenberg, Illinois, after 20 years, has declined to run again. Mondell, Wyoming, is a candidate for senate after 26 years in the House.

In the Senate, McCumber, North Dakota, fourth oldest in length of service, in the Upper Chamber, leaves after 24 years, being defeated [illegible] Republican nomination by former Governor Lynn J. Frazier, Culberson Texas, defeated by the Klan; Warren, Wyoming, Nelson, Minnesota, and Lodge, Massachusetts, are the only ones who were in the senate when McCumber was first elected. McCumber is 64.

Page, of Vermont, probably will not be a candidate again, after serving since 1908. Williams, Mississippi elected in 1911, refuses to be a can-

(Continued on Page 2).

PARKS—LUMADUE

Chester Arthur Parks and Miss Ruth Mildred Lumadue were married at the Woodland United Brethren parsonage at 5 P. M. Tuesday, July 25th by the Pastor J. F. Strayer.

BROPHY TAKES NOTE OF WATKINS OFFER TO HIS EMPLOYES

Commenting on the second bulletin posted by the Pennsylvania Coal and Coke corporation of Cresson addressed to its employes, Mr. Brophy, President of District No. 2, says:

"The Pennsylvania Coal and Coke Company takes the position that they want an investigation, but the Central Pennsylvania Coal Producers Association as a whole have bitterly opposed any such investigation of private business such as investments, costs and profits. The National Coal Association, of which T. H. Watkins was an officer, was instrumental in 1920 in securing an injunction restraining the Federal Trade Commission from making such an investigation.

"The miners accepted whole heartedly that part of President Harding's proposal dealing with fact finding in coal Watkins now tells us he is for such an investigation. Will Mr. Watkins make public the earnings of his corporation during the past 5 years? The reports will show enormous earnings. Watkins' proposed sliding scale has meant a slide downward for the miner in order that his company in peace time may continue to earn high war profits. What these war profit were for his corporation his financia statement will show. Watkin's offer of an audit under his proposed sliding scale is an audit of selected figures on an arbitrary base fixed by Mr. Watkins. He is for fact finding providing it is restricted to facts he wants investigated, just as he is for sliding scale for miners that will slide downward because of conditions he imposes. He is for collective bargaining but in reality is for individual bargaining as his proposal shows.

"The miners will remain loyal to the organization and its policies."

MAYOR CALLS HALT ON BIG BUILDING OPERATION HERE

Burgess Kittelberger, by advice of Borough Solicitor Urey, and acting on complaint from adjoining property owners called a halt on the improvements being made at the A. W. Leonardson Company store on Market street.

Contractor Ashley Rishell has had a crew of men at work for several days on their preliminary details incident to the removal of the present front of the building preparatory to putting in the handsome new front with which the store is to be equipped. Mr. Rishell's plan provided for keeping the sidewalk open to pedestrians by the erection of a barrier over the walk for safety and in order that the front should not be made entirely useless for display purposes the part of the shed or building ex-

(Continued on Page 2).

EXPECT ACTUAL MINING OF COAL EARLY NEXT WEEK

Cokesburg, Pa. July 26.—Actual mining of coal in the soft coal regions may be under way within a week according to indications here today. While strike breakers were being brot into the mines in increasing numbers heads of the National Guard met on request from the coal operators for detachments of troops to guard their properties. Colonel E. J. Stackpole; Adjutant General Frank D.Beary and General Edward C. Shannon; the latter, acting commander of the National Guard were to decide today whether more troops shall be sent here from the training camp at Mount Gretna Commissioned officers o fthe Guardsmen met with Washington County officials on legal methods of dealing with any emergency arising from the occupation.

Patrick Duckett is seriously ill at the Clearfield Hospital.

RUMORED LEWIS WILL COMPROMISE ON DISTRICTS

Cleveland, July 26.—Reports that John L. Lewis, miners' chief, will call a meeting here of all operators of the country willing to negotiate wage agreements on a district or national basis were in circulation here to-day. The reports could not be verified, how ever, Ohio operators asserting they knew nothing of it.

HARDING SUMMONS ATTERBURY, FIRST TO DISOBEY BOARD

Washington, July 26.—A conference whic hmay have a vital bearing on the rail strike situation was held at the White House to-day. President Harding met with W. W. Atterbury, of the Pennsylvania Railroad and Director General of the Railroads Davis. The exact purpose o fthe conference was not revealed but significance was attached to it on account of the attitude of the Pennsylvania Railroad in refusing to abide by the decision of the Railroad Labor Board.

PROMINENT MEN GIVE VIEWS ON NEEDS OF TODAY

Chicago, July 26.—A call for common sense and a fair spirit of give and take in the rail and coal controversies was callled today by representative Americans disassociated with either industry following the proclamation of a National emergency by the Interstate Commerce Commission. In exclusive telegrams to the United Press a number of prominent leaders gave their views o fthe crises.

William Jennings Bryan called for a resumption of work until the differences between the men and the operators in both industries can be straightened out.

Judge Ben Lindsay appealed for the patriotic spirit of war times.

Carl Vrooman, former Secretary of Agriculture, advocated large doses of Democracy and common sense.

Lyman Abbott advocated a non-partisan commission and a combination in organized industry between the management and labor.

Irving Fisher demanded respect for the Government and the Rail Labor Board.

LABOR LEADERS TO PROTEST SENDING OF GUARDS TO MINES

Harrisburg, Pa., July 26.—National and State labor leaders are expected to attend the State Labor Conference here next Wednesday to protest against the sending of the Pennsylvania aNtional Guard to the coal fields, labor officials stated here today. The call for the conference was sent out last night by the Pennsylavania State Federation of Labor Samuel Gompers, President of the Federation and John L. Lewis, President of the United Mine Workers, are expected to address the conference.

Plans weer being made today by labor leaders to turn thier protest against the use of troops into effective political action. Officials of the Federation stated that measures would be taken to oppose candidates at the next election who were known to be in sympathy with the use of troops.

SOMERSET MINE IS FIRST TO OPEN

Altoona, Pa., uJly 26.—Reports to the General Coal Association here today show that the Consolidated Coal Company's mine at Jerome Somerset county ,is the first to reopen under the Harding plan. Production was said to have reached ten cars a day.

GOOD TIME PLANNED FOR ALL TOMORROW BY COMMUNITY SERVICE AND LEGION

LEGION PROGRAM

That bunch of live wires known as the American Legion has provided a program for the half holiday tomorrow that shouuld take care of the afternoon and evening in fine shape for everybody.

In the afternoon St. Mary's comes over the hill and Cort Bell's aggregation will cross bats with them on the Driving Park diamond. Cort tells us that the team has been strengthened and that they will put up a better game than they did last Thursday.

At eight o'clock in the evening Prof. Thayer and his far famed American Legion Band will give a concert in the park band stand. The program being worked out consists of some big overtures and is interspersed with popular jazz and rousing military marches.

Following the band concert there will be a dance in the Exposition Hall at the Park. Martin's Susquehanna Eight will furnish the music. One of the features of this dance will be the opening number. This will be played by the American Legion Band

The Band Programme

—March "Battery Park" Thayer
2—Overture "Martha" Flotow
3—Narcissus Nevin
4—Sweet Old Songs from the Emerald Isle Arr. Edward Beyer
Including: Come Back to Erin; Brien Borhoims; Kathleen Mavourneen; The Rakes of Mallow; Cruiskeen Lawn; Killarney; Sally, Shilly Shally To Ladies Eyes Around Boys; The Harp That Once Through Tara's Halls.
5—They Call it Dancing Berlin
Mr. Victor Meredith
6—Scenes from Opera Faust Gounod
7—Star Spangled Banner.

Fine Baseball

The St. Mary's baseball team will be the attraction at the Driving Park Thursday afternoon. Manager Bell has his American Legion team in the best shape of the season and the game gives promise of being really worth seeing.

The Elk county boys have a couple of last year's Elco team in their line up and will come to Clearfield determined to win.

The fans should turn out and give the local team the encouragement it deserves.

C. C. S. PROGRAM

Tomorrow is to be banner day for the playgrounds and sports programs inaugurated by the Community Service in the Third and Fourth Wards.

After some delay of an unavoidable nature all the play ground apparatus has been installed and is ready for action and promptly at 5:00 o'clock tomorrow afternoon at both the 3rd and 4th Ward playgrounds festivities will open with basket picnics

The Fourth Ward will stage a purely home affair,—family party as it were. They will have their own Italian Band to furnish the music. Large bon fires will be built to light the grounds later in the evening. There will be several story telling groups and games for all ages. There will also be community singing. This affair promises to eclipse anything of a community nature ever held in any Clearfield locality.

WHEN TO SEND THE KIDDIES TO THE PLAYGROUND

Every week day from 10:00 o'clock until noon and from 1:30 P. M. until 5:00 P. M.

During these hours a trained supervisor is there to direct their play and look after their safety.

Every Monday, Wednesday and Friday, from 3:00 to 4:00 P. M. is the story telling period at each playground.

Not to be outdone by the Fourth Ward, there is also to be a basket picnic at the Driving Park at 5:00 o'clock after which the Lutherans will cross bats with the C. I. C. team of the West Side and the regular scheduled horseshoe games in the tournament will be played. The teams competing tomorrow night will be Waite and Hurd vs. Woods and Woods, Hughes and Maurey vs Flegal and Flegal, Healy and Sands vs. Murray and Kolb. After the sporting events there will be the regular American Legion Band concert and community singing with the band leading.

An added feature of the general community activities that will augment the crowd is the combined picnic of the Men's Bible Class and Class No. 4 of the Presbyterian church. Those who wish conveyance provided will meet at the church 3 p. m. but arrivals up until nearly 5 p. m. will be in time for the big supper.

FARM BUREAU PUTS OUT TIMELY ADVICE ON MANY SUBJECTS

Clearfield, Pa., July 25.—When the laying quarters are "sweat boxes" instead of comfortable nests during the summer months, there is something wrong with the ventiating system, according to L. W. Steelman, specialist in the poultry extension work at the Pennsylvania State College. Heat in the summer is worse on a hen than the cold in the winter. It is not a rare sight to see hens overcome by heat in July and August. Broodiness, too, is more prevalent in stuffy quarters.

Provide ventilators at the front and rear of the house directly below the roof. Small windows of six 8"x10" panes put in below the roost at the rear of the house at intervals of ten feet, will also help greatly in correcting the stuffiness of the house. In the winter these underroost windows supply additional light for scratching, and when removed in summer along with those in the front of the house they insure plenty of open space, so that the air circulates freely and the temperature registers somewhat below normal.

A vigorous queen bee means success in the bee colony, and likewise a failing queen spells failure. Every successful bee keeper knows the importance of providing a young queen for his bees every year sometime during the month between July 15th and August 15th. Mr. George H. Rea, Extension Apiculturist at State College believes that regardless of all other good

ESCAPING CHLORINE GASSERIOUSLYBURNS ALEX FRANKHOUSER

Alex Frankhauser, of Curwensville was very seriously burned, narrowly escaping death, on Saturday evening when in performing some labor in connection with the charging of a water tank with chlorine gas for purification purposes, the cap came loose, allowing the gas to escape. Chlorine gas is very deadly in its effects and the unfortunate man was terribly burned about the face, neck and chest. Prompt treatment by Dr. Erhard gave him relief and while his conditions is yet critical he is [illegible] road to recovery.

GET YOUR NAMES IN

We are informed by Scout Director Warren that applications for the Boy Scout Camp must be in by Saturday evening next in order to determine whether it will be possible to open the Scout camp for August.

Thirty boys are required to warrant the Council opening the camp,as as that number has not been received, those boys who desire to Camp should get their names in. The cost is but $5.00 per week, payable in advance and any boy of the requisite age may take advantage of the camp whether a Boy Scout or not.

didate for re-election.

Question of Senority

Passing of the captains who for so long have kept the Capitol ship on an even keel, at once opens up the perplexing question of senority [illegible] in appointing committee chairmen.

Heretofore, with few exceptions, it has been the unwritten law that point of service shall determine chairmanships. The most notable deviation was the appointment of Pen Madden, Ill., to the chairmanship of the appropriations committee.

The senority question in the senate is particularly annoying to party leaders. With McCumber out, Smoot Utah, ordinarily, would succeed to head of the finance committee. But Smoot is on the appropriations committee, and cannot hold [illegible] h posts. If he should decide t[illegible] [illegible]n with appropria[illegible], LaFollette, Wisconsin, whom conservatives have tried "to read out" of the Republican party would, under senority rule, succeed to the finance chairmanship. That is not all the aim of the Old Guard, who are opposed to liberals in important senate posts.

A similar situation develops in the foreign relations committee. Should Lodge be defeated for re-election, Borah, Idaho, whose ideas on world relationship are not in accord with Old Guard policies, approaches the chairmanship. McCumber is at present the ranking Republican.

Briefly the situation with confronts standpatters simmers down to this.

While senority rule is as a usual thing, [illegible] satisfactory, certain instances arrive when the committee must be brave to deviate from the long-established unwritten law.

This appears to be the year—with two Republican "insurgents" in line for two of the most important committee posts in the senate.

version.

Public utilities, which the commission placed as entitled to coal supply after railroad fuel were defined in the order as street and interurban railways, electric power and light, gas, water and sewer works, ice plants serving the public generally or refrigerating food-stuffs, and hospitals.

Operators Adopt Plan

Coincident with the issuance of emergency service orders by the interstate commerce commission, the conference of operators from producing fields concluded their discussions with Secretary Hoover.

Mr. Hoover announced that the operators had adopted the tentative emergency coal control plan subject to the approval of their associations, but, he added, there would be no trouble with the associations.

The next step, he declared, would be the appointment of a central committee by President Harding, which would enable the administration's emergency machine to begin functioning.

The immediate policy of the Government in the coal strike situation was declared at the White House today to be a continuation of its endeavers to furnish protection to men willing to work in the mines and to put into motion the machinery decided upon for distribution of the dwindling coal supply.

The statement was made that should coal not be produced in appreciable quantities under this protection and in accordance with the President's invitation to the operators to open the mines, some other steps might be taken, but that President Harding was unwilling to consider at this time what they might be.

The administration spokesman said appointment of a Federal commission to go into the coal industry and ascertain the facts was not in prospect at least this week.

Orchids in British Isles.

Glasgow, with 12,000 orchids in four of its public gardens, probably takes the lead among British municipalities. Kew gardens has 1,000 or more different orchids in cultivation, but 10 or 20 times that number are represented in a dry state, stored and classified in the Kew herbarium. Apart from public gardens, orchid growing in the past has been considered the special privilege of the rich.

Can't Help That.

MAYOR CALLS HALT

Continued from Page One

tending from the outside line of the pavement to the curb was enclosed and display windows facing the sidewalk put in.

Objection to the arrangement or alleged obstruction was made to the authorities by owners of adjoining Market street stores and after consulting the Borough Solicitor, Burgess Kittelberger directed Chief of Police McMullen to notify Mr. Rishell to have the work stopped.

Mr. Leonardson and Manager Oxley happened to be out of town; there was nothing else for Contractor Rishell to do but suspend operations pending their return home.

Objections to the extension of the building over the sidewealk was made on the ground that it interfered with the display windows of the adjoining stores The boro authorities seemed to think it a valid objection an d acted accordingly. Whether or not the Leonardson improvement is a violation of Borough law, we are not prepared to say; the borough authorities are and have said it. Here is the Borough law governing the case:

The first Borough Ordinance governing the granting o fpermits to occupy streets or alleys while building or rec[illegible] defing says:

Sec. 1.—"That hereafter no person shall be permitted to occupy any street or portion of street for the purpose of laying thereon building material, or of erecting scaffolding or other appliances connected with the erection of any building except they first obtain from the Clerk of the Town Council a permit to use the same.

Sec. 2.—"The clerk shall grant no permit to any owner or builder for a longer period than six months or to use any other portion o fthe street than half o fthe street fronting the premises on which the said building is to be erected.

The Ordinance providing for the prevention of placing obstructions on the street passed in 1900, provides "that the Ordinance shall not be so construed as to prevent any person or persons from depositing building materials on the sides of said street so as to leave sufficient room for the free passage of wagons, buggies, carriages and other vehicles."

LEGAL

NOTICE TO CONTRACTORS

Sealed proposals giving lump sum price accompanied by receipt for certified check in the sum of One Thousand Dollars ($1000.00) will be received by the Board of Commissioners of Public Grounds and Buildings at the office of the Superintendent, Capitol Building, Harrisburg, Pa., until 12 o'clock noon, Tuesday, August 8th 1922, for the reconstruction complete and repairs to the abutments and piers, and the necessary work in connection with the approaches, of a bridge over the West Branch of the Susquehanna River near Mowrie on the New York Central Railroad (River Division) known as the Rolling Stone Bridge, between the Townships of Covington and Cooper in Clearfield County, Penna.

Parties desiring copies of drawings can obtain same by depositing Ten Dollears ($10.00) which will be refunded upon return of the plans and specifications in good order.

Proposals must be made out upon blanks furnished by the Commonwealth of Pennsylvania. All blanks must be properly filled in and no change in phraseology shall be made.

Bidders must make satisfactory arrangements for the materials they propose to use, to be delivered uninterruptedly in such quantities as to complete the work within the term of the contract. Delay in receiving materials for the work will not be accepted as a reasonable excuse for non-completion of the contract according to the terms thereof.

The Board of Commissioners of Public Grounds and Buildings reserve the right to reject any and all bids.

The words "PROPOSAL ROLLING STONE BRIDGE" must be plainly marked on the outside cover of all proposals.

The State Treasurer's Department, of the Commonwealth of Pennsylvania will furnish receipt to be enclosed with the bids for all checks deposited with the State Treasurer for such purpose prior to ten o'clock A. M. Tuesday, August 8th, 1922.

By order of the Board of Commissioners of Public Grounds and Buildings of the Commonwealth of Pennsylvania.

NOTICE OF APPLICATION

To The Public Service Commission for Certificate of Public Convenience

Notice is hereby given that application has been made to the Public Service Commission of the Commonwealth of Pennsylvania, under the provisions of the Public Service Law, by The Fullington Auto Bus Co., for a certificate of Public Convenience evidencing the Commission's requisite approval of the amendment to the corporate charter of the Fullington Auto Bus Co., by which section two thereof is amended to read as follows:

(a): Said corporation is formed for the purpose of owning and operating one or more vehicles and similar conveyances for the transportation, as common carriers, of persons, freight, merchandise, and other personal property therein, for hire in the Counties of Clearfield and Centre, and particularly between the following places; Borough of Clearfield, Borough of Curwensville, Borough of Grampian Village of Luthersburg, and the City of DuBois, and also between the Borough of Clearfield, Village of Woodland in Bradford Township, Village of Bigler in said Bradford Township, Borough of Wallaceton, Village of Blueball in Boggs Township, Borough of Philipsburg in Centre County, over the following routes; Over the streets of the Borough of Clearfield and also public road in Lawrence township which is an extension of Turnpike Avenue in said Borough of Clearfield; and over public roads between the Borough of Clearfield, Lawrence township, Pike township and the Borough of Curwensville, Pike township, Penn township, Grampian Borough, Penn township, Bloom township, Brady township, passing through the village of Luthersburg, Sandy township and the public streets of the City of DuBois; and over public roads in Lawrence township and Bradford township to and through the Village of Woodland in said Bradford township to and through the Village of Bigler in said Bradford township, thence by public road in Bradford township to and through the Borough of Wallaceton, thence by public road through Bradford township and Boggs township, to and through the Village of Blue Ball in Boggs township, thence by public road to the borough of Philipsburg in Centre County, and in the Bourough of Philipsburg by the public streets thereof to the corner of Presquile and Main street, and between such other points in the said counties, or in any of them, by such other route, or routes, as shall hereafter be approved by the Public Service Commission of the Commonwealth of Pennsylvania, as evidenced by its certificate, or certifilates, of public convenience", and the approval of a certificate of Public Convenience for the rendering of said service.

A public hearing upon this application will be held in the Commission Building, 112 Market Street, Harrisburg, Pa., on Thursday, August 3rd, 1922, at 9:30 A. M. (Standard time), when and where all persons in interest may appear and be heard, if they so desire.

ODDS AND ENDS AND THINGS

By J. D. C.

All church goers did not content themselves with slipping nickels, pennies or buttons in the collection basket when it was in circulation in the different churches ofthe United States during the past year. The total of church collections for 1921 was more than $300,000,000. Prof. Scott Nearing, the Socialist windjammer is mad about it ,too.

* * * *

Trout fishermen, berry pickers, campers and hikers, report snakes more than usually plentiful on the mountains this year, which fact is keeping many snake timid nature lovers out of the woods. There is an unknown fear of snakes in the human race, the [illegible] explanation of which is as follows:

Our great great grandmothers of two or three hundred thousand years ago lived in the forests, up in the trees. The sat at night holding their babes in their arms. The thing they most feared was the gigantic snakes, crawling from one tree to another along the limbs, and snatching the sleeping half-human baby from its sleeping mother.

In the daytime the same snake, smaller, was crawling among the grass, and when the woman in the ancient days heard a scream and saw no cause, she was quite sure the snake had bitten her youngster.

The third explanation is that woman, being a refined, sensitive creature abhors everything that is creepy, slimy and crawling—snakes, mice, lizards, octopuses and some kinds of men.

* * * *

Every day during the last five years an average of 2,173 persons joined the various churches of America. During the same time an average of three congregations have been organized daily and the average number joining the ministry has been four and one-half persons a day.

The total church membership of the country, according to the latest available figures is 45,997,199. This is an increase of 4,070,345 over the 1916 census figures and indicates a gain of more than 1,000,000 members for the preceding 12 months.

The various religious bodies report 233,101 congregations headed by 200,000 ministers. This is a gain of 5,615 congregations and 8,294 clergy over the governmental figures of 1916. While there has been much talk of a shortage of ministers, the increase in clergy has been approximately 50 per cent more than the increase in the congregations.

* * * *

When is a man old? That question has been agitating the American public from time to time ever since our great nation was born. Being a young nation, the youngest on earth. we were naturally a nation of young men and so predominant was the national idea on the subject that a decade or so ago Dr. Osler, an eminent Baltimore physician started a furore which reached from ocean to ocean when a newspaper quoted him as saying a man ought to be chloroformed after reaching 40 years o fage. The doctor says he did not say it, but a lie well told oftimes travels farther than the truth.

The roster of the great men who are leading the world today, guiding its destinies, inspiring its thoughts, its inventions and its plans and policies are the men well on in years who have long passed the Osler dead-line of age.

We see constantly, however, in the daly papers in Help Wanted advertising the age limit of the applicant set at forty and often at thirty.

When is a man old? Science tells us that he is as old physically as his arteries. When they lose their elasticity, slacken in their responsiveness to calls for extension and distention and show signs of rigidity, he is old physically.

He is old mentally when the arteries of his thinking harden, when he lets prejudice usurp the place of reasoning, when his invention, imagination and initiative are all in the memory of what he was not what he is; when his will controls him instead of his controlling the will, when habits stratify into unchangeableness; when the joy and zest fade from life like a dull grey sunset, when he lives like a backnumber in the shadow of past achievements and has eyes closed to the glory of present opportunity—then he is old mentally.

Some men are in their prime at over seventy, some are in the drab decline at twenty-five. You cannot measure the truth o fmens' ages by a chronometer and a calendar. Some men defy the years with the wonder of their living and will not grow old because they keep their hearts, their minds, and their thoughts ever active and in tune with the great real things of life.

* * * *

The nation's principal railroad earned a $16,980,600 net operating income during May, according to reports just available at the Interstate Commerce Commission. This was $11,708,735 more than the net income of the preceding month and nearly double that of May last year.

Very Material reductions in operating costs in the last year constitute a factor favorable to the carriers. Operting expenses in May mounted to $355,588,800 or 6.4 per cent less than in the samem months of 1921.

Total net operating income for January to May inclusive of 1922 was 190 per cent. greater than in the same period of last year. A comparison of operating expenses for the same periods showed a decrease of 13.5 per cent.

*

The state of Pennsylvania will supply tags for holders of fishermen's licenses next year. Requests for such evidence of compliance with the resident fishermens' law have been made by associations, clubs and individuals and a style will be worked out and ordered in time for delivery next year.

* * * *

The automobile driver who allows his car to stand along the State highway at night with the lights out, is not only a danger to the morals of the community but a positive menace to the lives of persons traveling along the public highway. Two accidents Saturday in the vicinity of Morrisdale offer mute testimony to the ever-present danger of allowing cars to be parked along the road with the lights out. There is entirely too much of this business being done in this section and it is high time the State Police or some other agency begins a crusade against it. Every driver who allows his car to stand on the public road with lights out, even for a minute should be hauled up and prosecuted for his violation of the traffic law; and if that don't hold him—in many cases—his wife ought to be told about it.

* * * *

A squad of dry enforcement officers swooped down on DuBois Bootleggers Saturday last and made a haul of ten or a dozen of them. The dry sluths go into a community "incog" and operate for a sufficient length of time to pick up the evidence necessary to secure convictions and when their cases are completed and passed upon by Division Headquarters at Punxsutawney Federal search warrants are prepared and the raid is on. Several strangers are said to have been active in past ten days and we may hear something drop hereabouts before very long.

MR. BROPHY'S RESPONSE

It is not surprising that Mr. Brophy has seen fit to comment on the Watkins offer to his former employes. Such a proposition called for notice to be taken of it. No man in an official position with the miners' organization could afford to disregard it. But what does Mr. Brophy say? In the first paragraph of his comment he repeats that Mr. Watkins wants an investigation but cites the part Mr. Watkins played in the past with regard to federal investigation. To begin with the miners' officers and the operators' officers, in order to reach a basis of understanding must be willing to forget the missteps of the past. If either or both are to continue to the policy of the pot calling the kettle black there will be no progress. It must be remembered too that the investigation proposed at the time Mr. Brophy mentions was a federal investigation which could not have been carried without a relationship to politics. What is needed is an investigation by an impartial commission, not a congressional hearing with its political tinge. Regardless of what Mr. Watkins wanted or did not want in the past, we must deal in the present, and with a view to the future.

Mr. Brophy asks, "will Mr. Watkins make public the earnings of his corporation for the last five years?" We believe Mr. Watkins answered that question in the fourth item of his original offer in which he said, "we are heartily in favor of a thorough investigation into all phases of the industry, including invested capital, profits, etc. * * * * We have nothing to fear from such an investigation."

Another article dealing with profit sharing, sliding scale and Mr. Brophy's attitude will appear tomorrow.

THIS TREATY SUITS US

The public will be interested in the published details of the Yap agreement for, on the subject of treaties, the average American has a livelier curiosity than the citizen of Europe, whose treaties are legion and concern him only when called on to bear arms in support of them.

Apart from the cable rights given to this country one is attracted by the essentially American limitations placed on the Japanese government in administering the famous speck in the Pacific which loomed once as such a dangerous bone of contention. True, many of the stipulations are included in the official mandate under which Japan administers Yap, but their emphatic re-assertion by the United States is not without significance. Chief among these are the prohibition against forced labor, against military training of the natives, except for internal police purposes, and against fortifications or bases.

A scrutiny of the document shows no single compromise of American national purposes, and has far more than a value of immediate expediencey as setting forth for all the world to inspect the character and quality of this nation's viewpoint on international understandings. It is important as containing no clause to be shielded from the eyes of suspicious citizens but rather is a clear exemplification of that new diplomacy for which the battle in recent years has been hard but unceasing.

A treaty is good so long as the conscience of the people conducted on that basis the fear of foreign entanglements signing approve it. So long as American foreign relations are will not exist.

NONE OF MAN'S BUSINESS

The decision of a New York judge that women have the right to wear knickerbockers and to smoke would appear to be merely a restatement of the obvious, were it not for the fact that certain fussy folk by their activities as would-be reformers have confused the question in the public mind. A young married woman was arrested while sitting on her porch at a summer resort, clad in "Knickers" and smoking a cigaret. The charge preferred by the intelligent officer was "vagrancy." "I find nothing wrong in wearing such a costume," was the court's ponderous edict.

But what man, unless a professional costumer, is justified in setting himself up as an authority on women's clothes? Women are not constantly trying to tell men what they shall and shall not wear. Was there ever a time when women dressed more appropriately and sensibly than they do today?

As for smoking by women, that is a question of taste and [illegible] with which the law should have no concern. To arrest a woman for sitting on her porch in knickerbockers, smoking a cigaret, on the charge of vagrancy, while our city streets are filled with male loafers, who do nothing but obstruct the [illegible] and insult passers-by, is to make a mockery of justice.

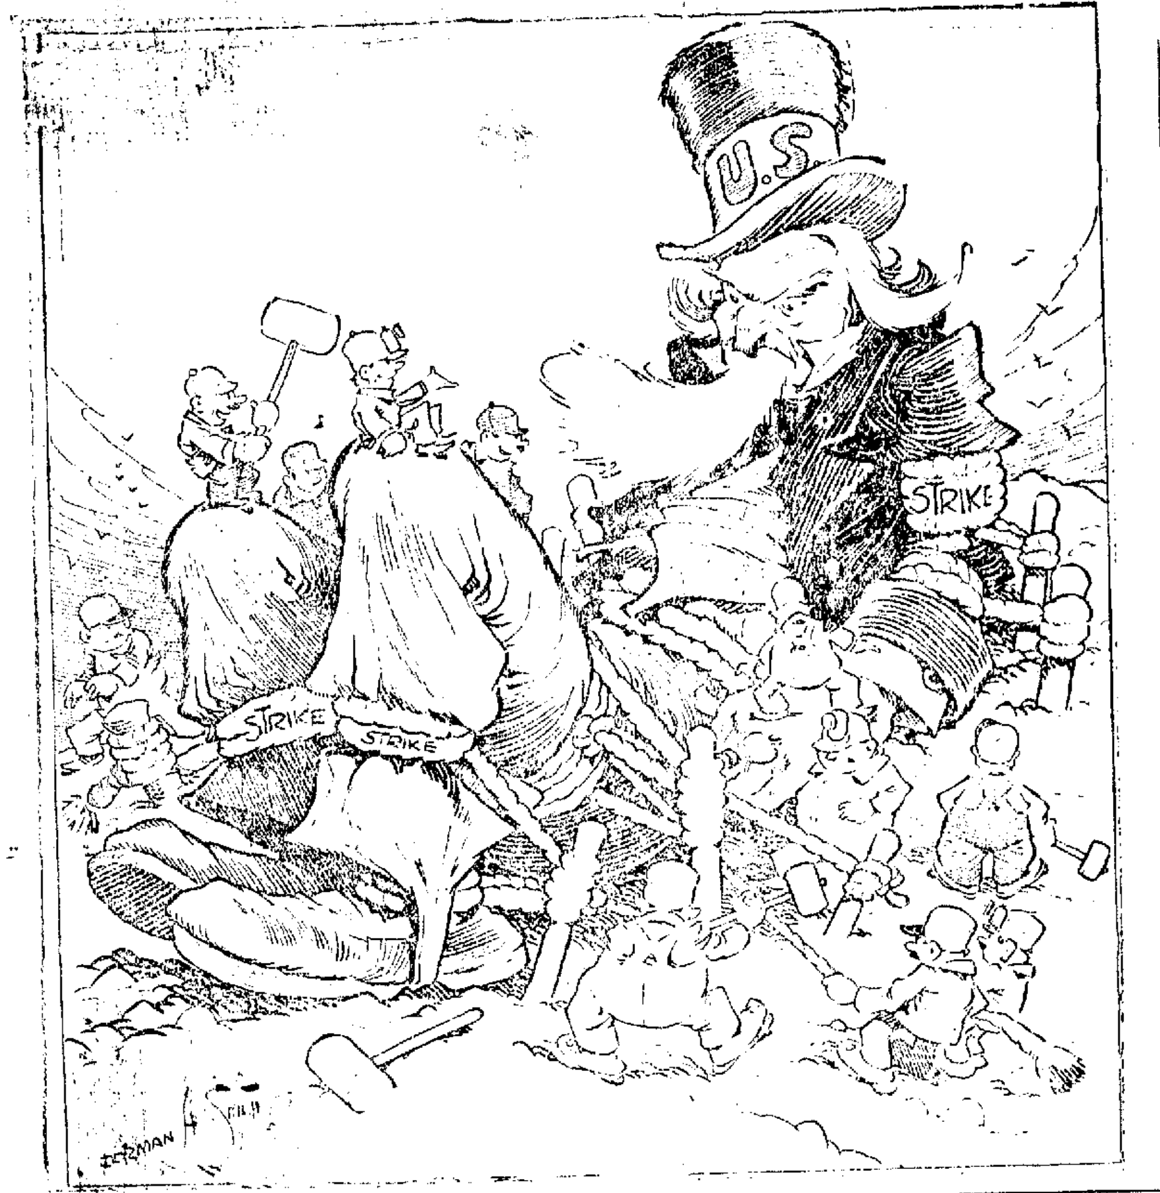
GULLIVER UP-TO-DATE!



Faces Murder Charge Smiling

Mrs. Clara Phillips, 23, was smiling as though she hadn't a worry in the world as she returned to Los Angeles under guard of sheriff's deputies to face an indictment charging her with the slaying of Mrs. Alberta Meadows, beaten to death with a hammer.

Varying Human Weights.

The normal variations in weight may be greatly affected in different ways. Some men lose six pounds or seven pounds during a Turkish bath, while others gain nearly as much in an equally short time by deep drinking.

A Reminder.

It will be quite time enough to talk about the faults and failings of absent friends when we have assured ourselves that we have none of our own of which to speak.

Fan for Each Hotel Guest.

Every Japanese hotel has a fan, special in itself, containing a view of the hotel and a blessing from the writings of Confucius. One of these is always given to the departing guest.

Must Be Two in Bargain.

The man who complains of having been cheated seldom admits his own bad judgment. Yet, he would hardly have lost had he not himself erred. It always has taken two to make a bargain, and always will take two.—Grit.

THIS SERVICE IS PROVING ITSELF

One of the men who has his truck serviced here, told us to go over his truck. We found some parts worn, other than the trouble that he told us to fix up. We took the matter up with him and after he had heard our story he told us to go ahead and put the truck in A-1 shape. He also said that he appreciated such service for it would save him the second trip to the shop and he could ill afford to have his truck tied up.

We'll give your truck the same sort of service.

GRAPE-NUTS is a regular "three bags full" of the best food qualities of whole wheat flour and malted barley, carefully mixed and slowly baked—

To develop all their appetizing flavor,

To preserve all their wholesomeness,

And to provide nature's "broom" that keeps the digestive system spick and span.

There's not a bit of artificial sweetening in Grape-Nuts —it just *becomes* sweet of its own accord in the long baking.

And that enticing flavor—how good it is with good milk or cream! Fruits, too, fresh or cooked, add to the delight of a dish of Grape-Nuts, morning, noon or sundown.

It is a compact, ready-to-eat food—no cooking needed. Why not try it for tomorrow's breakfast?

News of Our Neighbors

CURWENSVILLE

Way Powell was a Curwensville visitor yesterday.

Mr. and Mrs. Arthur Price of Clearfield, were visiting with friends in town last evening.

Mr. and Mrs. Percy Holton and Mr. and Mrs. Earl Shaffer spent Tuesday in Grampian.

Mrs W A. Pratt has been quite ill at her home on South Side.

Mr and Mrs. Paul D. Collins arrived last evening to visit Mr. Collins' parents, Rev. and Mrs. J. C. Collins on Walnut street.

Miss Daisy Thompson, of Clearfield was a Curwensvile visitor last evening

Willis Kelly and Henry Hile, Jr, expect to leave today or tomorrow for the Citizens' Military Training Camp at Langley Field, Virginia.

Mr and Mrs. John Kelly and daughter Florence, spent part of Tuesday in Clearfield.

S H Carey of the Myers-Carey Studios, accompanied by his wife and Mrs. E R Freeman and daughter, were in Curwensville last evening.

Dr H A Blair and daughters Ann and Henrietta, motored to Bellefonte yesterday and spent a few hours with Dr Blair's mother Mrs. Frank Blair.

Mrs Wm. Pertz, of Punxsutawney, is visiting at the home of Mr. and Mrs. Will Thompson on Thompson street.

The funeral of Mrs. Elias Becker was held from her late home on the South Side on Monday morning at 10 o'clock and was in charge of Rev. Nicely, pastor of the Trinity Lutheran Church of DuBois.

Mrs. Becker, who was in her 19th year, died at her home on Thursday morning of last week after a short illness of a complication of diseases. On May 21, 1865 she was united in marriage to Elias Becker in West Twp. Berks County. To this union were born Amanda who died in 1894 and Mary E., wife of Rev. J. M. Uber who departed this life on Feb. 23 1921. Mrs. Becker is survived by her husband and by an adopted son, Oliver Montz, and by a sister, Mrs. Rebecca Freyman of Weatherly, Pa., and by two brothers, Lewis Steigerwalt of Sitier, PPa., Joel Steigerwalt of Strasburg, Pa, and by a half brother Joseph Steigerwalt of Lansford, Pa. Mrs. Becker was a life long member of the Lutheran church and was a christian in the truest sense o fthe word

NOTICE TO BIDDERS

Sale of $27,000 Bigler Township Road Bonds

Notice is hereby given that the Supervisors of the Township of Bigler will on Wednesday, 23rd day of August, 922, at 10 o'clock A. M. at the office of the Supervisors in the Village of Madera, Pennsylvania receive bids and sell to the highest bidder $27,000 par value, of Bigler Township Road Bonds of issue of 1922.

These bonds are a part of a $52,000 bond issue assented to by the qualified electors of the Township of Bigler at a special election held in said township on the 20th day of September, A. D 1921, and this issue of bonds is authorized by resolutions of the Supervisors of said Township unanimously adopted on the 11th day of July A D 1922, said bonds being issued for the purpose of payment of certain obligations, for which the Township of Bigler has become liable, in the building and construction of certain portions of roads in the Township of Bigler, and for the payment for rights of way and damages caused by relocation and construction of roads as particularly set forth in the resolutions aforesaid.

These bonds bear interest at the rate of 5½% per annum, payable semi-annually, to wit, on the 15th days of February and August in each year to maturity; are issued free and clear of all State taxes of the State of Pennsylvania.

The bonds to be sold are 27 of the denomination of $1000, numbered from to 27 both inclusive are what is known as coupon bonds; and mature and become payable, on the 15th day of August, A D. 1937.

The bonds bear date of August 15, 1922.

No bids will be received on said bonds at less than par and accrued interest

The Supervisors reserve the right to reject any and all bids.

By order of the Supervisors of the Township of Bigler.

ATLANTIC GASOLINE *is* Full-powered

Keen observers—motor-truck and motor-car owners whose selection of gasoline is based on long-period test and carefully kept records—know the meaning of "full-powered," not only from the standpoint of power, but in the matter of fuel economy and efficiency range.

They are good leaders to follow. Most of them use ATLANTIC Gasoline.

They've discovered that Atlantic is more than just "good" gasoline; that it is RIGHT gasoline—a fuel which has vigor as well as liveliness; which combines the volatility for *action* with the stability for indomitable piston-driving *force*.

Full-powered—perfectly *balanced!* A gasoline with a uniform "chain of boiling points" that not only assures sure-fire ignition and complete combustion, but gives it the range for maximum efficiency under every speed, load and temperature—*that's* Atlantic!

"There's an Atlantic Pump on the road you are traveling"

E. E. SMITH ANNOUNCING THE W. F. FREDERICK PIANO CO. THRIFT CLUB

Thrift Is Common Sense Applied to Spending - - - Roosevelt

By All Means Join This Club Today!

JUST A WORD

For years I have been handling the Frederick Piano and have been dealing with the W. F. Frederick Piano Co., and I have found them to be the soul of honor in such opportunities as they now offer in this THRIFT CLUB. I have thoroughly gone over the plan and find no flaw in it. I have every confidence in urging you to become a member in this THRIFT CLUB, for I know that you will be glad you took advantage of the offer.

E. E. SMITH.

—THE PURPOSE—

The purpose of this Club is to apply common sense—thrift and economy—to piano buying. Music is a necessity. It is as necessary for happiness as food, shelter and raiment. Every general in the World War knew this to be a fact. It was the singing soldiers who won the battles. It is the musical families who win life's battles

An intelligent purchase of a musical instrument is a thrifty thing

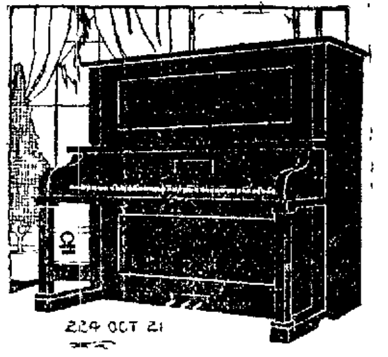
Music encourages thrift. The object of thrift is happiness, and where there is music, there is happiness. Music stimulates family morale; it makes the home more attractive, there is less temptation to seek amusement and entertainment elsewhere. Thrifty, intelligent families have music in their homes. This opportunity is for thrifty families.

—THE PLAN—

Briefly, we have arranged to form a Club for thrifty piano buyers. We will supply the members with one of these famous Pianos, Player-Pianos or Baby Grand Pianos from our regular stocks. We will allow each member three years to complete their payments and we will protect each member in case of illness, sickness or non-employment. We will assume all risk in case of fire; we will fully guarantee every instrument ten years. We will allow you six months to exchange the instrument if you think you would prefer something else. Surely no better opportunity could ever be secured for an intelligent purchase of a piano or a player-piano.

—LIMITED MEMBERSHIP—

Naturally, because of the unusual advantages offered, we must limit the number of instruments to be sold under this Plan. No matter what your taste may be, this Club can supply your wants. Only Members will be allowed the advantages of these special prices and conditions. As soon as the allotted instruments are sold, the Club will close. This is an opportunity that thrifty buyers will gratefully remember.



UPRIGHT PIANOS

These upright pianos offered to members of this Thrift Club are nationally known instruments.

They are one of the celebrated lines handled by us for many years. People of two generations have bought and used these pianos and have found them to be of the highest possible merit.

In style and design they are rich and artistic. The workmanship and material are of the highest grade. Durability is one of the qualities for which these pianos are particularly known. You will find the action and touch very sensitive and responsive. And best of all the tone is full, round and pure. This, of course, is due to their superior construction.

The resulting tone quality far surpasses that of the average upright piano.

These pianos are very beautiful in design and are instruments that any home may be proud to own.

PLAYER-PIANOS

Members of this Thrift Club who desire player-pianos will receive instruments of the highest type.

These instruments will do everything that any other player-piano will do and it will do it easier, better and with less effort on your part.

In design they have the very latest and the most modern features. For piano playing they are ideal. The action and touch are adjusted to the finest point. You will find it very responsive and versatile, an instrument capable of satisfying the most critical pianist. In tone they have a rich, soulful quality, most unusual in pianos of this style.

In fact all is its power as a player-piano.

It contains famous patented features, and is fully guaranteed and warranted by the makers, as well as by ourselves.

There is no better value anywhere than in these superb instruments and to be able to secure one at anything less than the regular price is an event far above the ordinary.

Remember this player-piano has all the approved features and many special patented devices found only on these instruments.

This is a real opportunity to secure a high-grade standard player-piano at a saving.

BABY GRAND PIANOS

These Baby Grand pianos have been known ever since the first baby grand pianos appeared in the piano field.

In fact, they were one of the first successful small-sized grand pianos ever to be offered to the public.

There are hundreds of these famous Baby grand pianos in homes throughout the country. Thrift Club members may well consider themselves very fortunate in being allowed to select these high-grade Baby Grand pianos by this plan.

They are extremely attractive in design. Those offered in this Club are of the miniature grand type. The size and shape are daintily and beautifully proportioned and every feature is in complete accord with the general design. They are in every sense the aristocrat among fine pianos.

The workmanship and materials of these instruments are of the very finest. Everything has been done to make them marvels of the piano maker's art.

The striking feature outside of the unusual shape and size is the remarkable tone quality. This beautiful little Grand piano has a tone far superior to other grand pianos that are much larger in size.

AN UNUSUAL OPPORTUNITY FOR THRIFTY BUYERS

YOU SECURE A WELL-KNOWN STANDARD INSTRUMENT—a famous piano of proven merit. One of our well-known lines which have won a place in thousands of homes for over two generations. **YOU HAVE THREE YEARS TO PAY**—you do not have to pay the entire amount at the time of purchase—you may spread the payments over a period of three years. **YOU HAVE SIX MONTHS TO EXCHANGE IT**—if for any reason you want another instrument than the one you selected, we will make an even exchange for you any time within six months, applying all payments at full value. **YOU RECEIVE A 10-YEAR GUARANTEE** with any piano or player-piano bought through this Club. **YOU ARE PROTECTED IN CASE OF SICKNESS, INJURY OR NON-EMPLOYMENT**—we will allow you to make half payments if necessary. **YOUR FAMILY IS PROTECTED IN CASE OF YOUR DEATH**—we will release them from further payments and give them a receipt in full at once. **YOU ARE PROTECTED IN CASE OF FIRE**—we will replace the instrument or repair it to your entire satisfaction. **YOU RECEIVE TWELVE MONTHS' FREE REPAIR SERVICE**—any necessary regulations or adjustments will be made free within twelve months from date of delivery. **YOU RECEIVE SPECIAL EQUIPMENT WITH THE INSTRUMENT**—for details, read our newspaper advertisements. **YOUR INSTRUMENT WILL BE DELIVERED FREE**—to any point within 50 miles of our store. To points beyond, freight charges will be added. **YOU PARTAKE IN A REMARKABLE PIANO-BUYING OPPORTUNITY**—you make a good, safe investment in an article that will make your home more attractive and bring you real educational value, wholesome entertainment and genuine happiness. **YOU WILL BE PRACTICING "COMMON-SENSE" THRIFT.**

Membership Fee

$1.00

The cost of a Club Membership is a mere trifle. One Dollar ($1.00) will secure these opportunities for you. Merely fill out the Application Blank and bring or send it to our store with your $1.00 membership fee. If your application is accepted you will receive a properly signed Membership Certificate which will entitle you to every Club advantage. This surely is an opportunity of a lifetime.

You should fill out the Application and bring or send it in at once.

APPLICATION FOR MEMBERSHIP

Date . . . . , 192. . . .

Gentlemen:—

Please enter my application for membership in your THRIFT CLUB.

I herewith pay you the membership fee of One Dollar ($1.00), which, if my application is accepted, will entitle me to a full membership in your Thrift Club, together with all the Club advantages if I select a Thrift Club piano or player-piano at your store after my application is accepted, it being distinctly understood that if my application is rejected or if I decide not to make a selection, the membership fee will be refunded.

I am interested in . . . .
(Piano, Player-Piano or Grand Piano)

I give below names of two business references to whom you may write for information as to my integrity and responsibility:

Name . . . .
Address . . . .
Name . . . .
Address . . . .

My Name . . . .
Street . . . .
City . . . . State . . . .
Occupation . . . .
With . . . .

No members will be accepted without giving two satisfactory business references.
NOTE—Applicant must sign in person.

THIS IS AN OPPORTUNITY THAT DESERVES IMMEDIATE CONSIDERATION

Its equal may never come again. The Membership Fee is only $1.00, to say nothing of all the other features. Keep in mind also that if you do not buy, or if your application is rejected, your Membership Fee will be promptly refunded. Remember—this Club is limited in membership. It is not necessary to buy as soon as your application is accepted—but as soon as the quota of members is accepted the Club will close.

Fill out the application and mail it TODAY with your $1.00 Membership Fee

Remember—if you do not buy, or if your application is rejected, your $1.00 Membership Fee will be refunded.

Tom Sims SAYS---

Sometimes a man starts out to show his wife who is boss and learns

Who wants to laugh and grow fat during the hot summer months?

"Drop Fatal"—headline Sounds like more bootleg stuff.

One day last week a train was late when a man wanted it to be

Working yourself to death is hard Loafing yourself to death is easier and much quicker

It took a few hard knocks to get Ruth to put in some hard knocks

Sure, flappers are liberty belles "Peel off, wild belles"

In Berlin a man accused of killing 20 people hung himself He got the right man at last

Boys leave the farm because they hate to plow through life

There is a wave of business revival, but some men are kicking because it isn't a flood

Isn't it about time to change the saying "That's a horse on me" to "That's an auto on me?"

Very few children succeed in getting born into a rich family

New York woman named Moon asks divorce because hubby stayed out at night and thats the truth

Florida man who started out for the time of his life is in jail for the time of his life

A village is where the police and fire departments are the same man

"Prices Advance in Shoes"—headline They usually sneak up barefooted

Los Angeles woman killed herself after writing a poem That isn't such a bad habit

Judge rules it no crime to play a grind organ on Sunday We rule it's a crime to play one any time

One day last week a girl stood up in a street car because her stocking had a hole in the knee

When a gossip meets a rumor the recording angel writes shorthand

Most of the European crisis are being "Made in Germany"

Restaurants are selling corn on the cob and string on the beans

Wonder if Ireland talks about our peace as we do about hers?

Talk about love at first sight some of them must fall in love without looking at all

Being good because there is nothing else to do doesn't count

When a man reaches for his hip pocket you never know whether he is going to shoot you or poison you.

A sure thing is when your wife says she is going anyhow

In Telluride, Col, a donkey brayed itself to death Wish we hadn't sworn off talking about Bryan

Fashion says fall skirts will be too long instead of too short

A swell neighborhood is where you can be gone for a few weeks and no one misses you

No wonder there is so much trouble Everybody is making it

There may be no connection, but the increase in rubber heels and divorce suits is about the same

One day last week a man understood a railroad time table

Be careful how you swap confidences or you will get cheated

A man can have his own way if there isn't somebody else in it

FARM BUREAU

Continued from Page One

beekeeping methods used unless a beekeeper looks to this one essential point his bee keeper will turn out to be unprofitable

Mr Rea has prepared a popular circular on the rearing of queen bees that gives the honey producer many practical pointers and methods for raising his own queens Contrary to the general belief, queen raising is not a highly scientific and complicated task but is largely dependent on doing a few things well and at the right time The bee man who is interested in the selection of his stock will do well to send to the college for this circular, addressing his letter to Mr Re

The use of improved water systems on Pennsylvania Farms has increased greatly in the last few years In many cases a complete system is installed including bath room conveniences and proper equipment for the disposal of sewerage There are however 40 000 farms in the United States that have running water in the house but no bath facilities or adequate system of sewerage disposal A septic tank on each of these farms would serve as a sanitary method of disposing of the sewerage and would probably cost less in the end than the unsanitary cess pool which is a constant menace to health

It is an easy matter to build an efficient septic tank if the proper wooden form is used in casting concrete The tanks and connections should not cost more than $50 to $75 including the farmer's labor The septic tank recommended by the Clearfield County Farm Bureau and endorsed by the State Department of Health has been found most satisfactory on each of the 24 farms where one has been installed under the direction o fthe Agriculture Extension Service at State College In some counties the standard forms used in making the tank have been retained by the Farm Bureau and have been used in the construction of at least 25 additional tanks

Old Sour Face

This fellow seems to have a grouch Maybe that's because he'll miss his schnapps when he leaves Germany to tour America. He's Bill a canine comedian.

He's Worse Than a Nuisance

As vinegar to the teeth and as smoke to the eyes so is the sluggard to them that send him —Solomon

THE HOPE OF THE WORLD

The war of 1914 laid half the nations of the world in the dust Their homes their industries their peace must be restored by the rising generation In them is the hope of the world

To make motherhood easier, to secure for every baby a clean bill of health and a fair start in life—that is the problem

Lydia E Pinkham's Vegetable Compound is an excellent medicine for mothers and for future mothers For fifty years this medicine has been used successfully in all non surgical cases of women's diseases

Edward Clayton Norris is spending the week with E. C. Cook, formerly Secretary of Y. M. C. A. here, at Blairsville

GOLF TOURNAMENT STARTS MONDAY

The Men's Golf Tournament for the Championship Cup of the Clearfield & Curewnsville Country Club begins next Monday. It will consist of eighteen holes of match play, no handicaps. The cup will remain in the winners' possession until the year following, when it shall again be put up for competition. Any contestant winning the trophy three times, not necessarily consecutively, shall become its permanent possessor. Last year the cup was won by Mr. William Bigler. Anyone desiring to enter please communicate with Mr. James Kerr or Albert Bigler.

Makes It Easy for Tourists.

In Tokio each street car bears the number of its route, and inside is a comprehensive map of the city circled by lines of many colors corresponding to the numbered routes. The tourist finds his way by merely matching colors.

Japanese Term "Chogun."

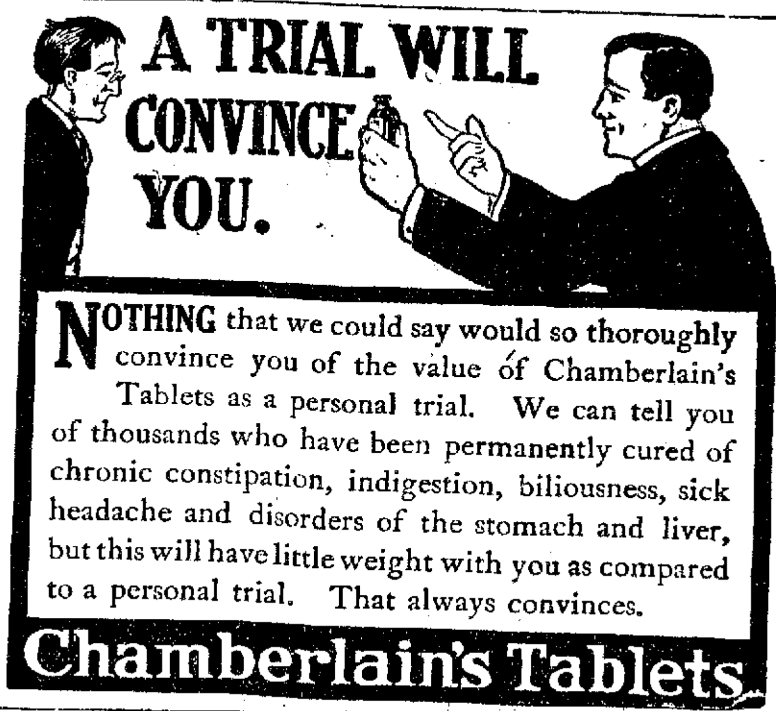
"Shogun" is a Japanese term for great general, or commander-in-chief. For several centuries the shogun class exercised the real power in Japan, though nominally subject to the emperor. However, in 1867 a revolution restored the power of the emperor and the title of shogun was abolished the following year.

Must Beware of Backward Step.

Dante tells us that the realm which lies just below the strata of honest industry and toil is the realm of deceit occupied by the human wreckage of the vagrant and the petty criminal. Modern civilization would break down completely if men were to return to the animal era of trenchery and lying. —James A. S. Aikens.

A Fit Before a Fight

Jack Dempsey isn't waiting until his coming fights to "knock 'em dead." Here Charles Tartaglia, Los Angeles tailor, is fitting him in an outfit that would astonish a ghost.



A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

Peculiar Old English Law.

In England it is unlawful to play billiards in a public place on Sunday, Christmas day or Good Friday.

WHY THAT LAME BACK?

That morning lameness — those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Clearfield resident's example.

Lewis E. Wise, 404 River St., says: "While working in the mine, I was caught with a pain in my back. I couldn't do any lifting or anything that caused me to bend over. I had no appetite and the pains in my limbs were severe. Doan's Kidney Pills being highly recommended to me, I began their use and I noticed a change in my condition before taking half a box. On finishing two boxes of Doan's the pains in my back and lameness were all gone."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wise had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

War Time Measures In Effect On Fuel and Transportation

I. C. C. TAKES CONTROL OF SITUATION

Washington D. .C. July 26.—War time measures were in effect today as the Interstate Commerce Commission announced that a national emergency exists because of the twin rail and coal strikes and assumed a sweeping control of railroad rolling stock and took over direction of the distribution of food, fuel and other necessities required by the nation.

In declaring a national emergency, an unprecedented step in peace times, the Commisison has powers rivaling those exercised by the Government when it took over the railroads during the war. The Government is building up an administration similar to the war-time food and fuel administrations which will aid the Commisison in carrying out its extraordinary powers.

In deciding on this extreme measure President Harding is serving notice on all factions that he will not permit them to jeopardize the welfare of the nation and that a continuation of the tie-up will only result in injury to the workers and owners.

President Harding today or tomorrow will appoint a Presidential Committee, to be composed of representatives o fthe Interstate Commerce Commission and the Departments of Commerce, Justice and the Interior, which will co-operate with the Commerce Department. Reports of profiteering in coal will come to this committee which will make investigations and take necessary action.

The Interstate Commerce Commission will send out appeals to the State public utilities commissions asking that they keep a cloe watch on the rail and coal situations and co-operate in the Federal move to control the distribution of fuel and other necessary commodities.

Chicago, Ill., July 26.—War to the bitter end was seen today as both the Government and Labor Board adopted a "hands off" policy in the rail strike. Peace talk was at a premium. Both factions were planning for a more intense campaign.

(Continued on Page 2).

"NATIONAL EMERGENCY EXISTS," HOOVER DECLARES IN ANNOUNCING DISTRIBUTION PLAN FOR COAL TO PROTECT CONSUMERS

Railroads Required To Use Most Direct Routes In The Transportation Of All Kinds Of Commodities.

PRIORITY SYSTEM IN USE

Washington, D. C., July 25—A "National emergency" growing out of an industrial conflict, has been declared by the Government for the first time in the peacetime history of the United States.

As a result of the coal and rail strikes, the interstate commerce commission, empowered for the first time by the Esch-Cummins law, has assumed control o fthe distribution of fuel, food and other necessities.

In two orders issued today, after a long conference with President Harding and his Cabinet the commission declared the emergency, provided priority regulations for shipments of fuel food, etc., in the eastern half of the country and orders to expedite general freight shipments throughout the country.

Roads Get First Call

Washington, July 25.—The interstate commerce commission today declared an emergency existed in transportation east of the Mississippi River which required it to direct routing of shipments of all essential commodities and to fix preference and priority for movement of food, perishable products, coal and other fuel, and live stock.

The commission declared that in view o fthe emergency cars for coal shipment should be assigned on the basis of preference in coal shipments to the railroads and other common carriers, with public utilities and hospitals in a second class and government institutions, national, state and local in a third class.

The orders, effective tomorrow, further forbid reconsignment or diversion of any coal accepted for transport in any one of the preferred classes and declare that for such special purposes as might appear from time to time, the commission or its agents might specially designate cars to be assigned to mines for preferred loading. A special class of coal shipments also was declared from mine in Pennsylvania, Ohio, West Vifginia, Kentucky, Tennessee and Alabama, giving priority, after government supply, to coal consigned to Lake Erie ports for ship over the Great Lakes to Lake Superior.

Move Coal Quickest Way

In a second general service order issued under its emergency declaration, the commission requires that all carriers in routing shipments disregard the usual practice and forward traffic to the destinations by routes most available to expedite movement and prevent congestion.

The roads further were directed to disregard existing traffic arrangements and freight rate divisions in applying the rule and to discontinue using cars suitable for coal for any other purpose, so long as any coal mine remains with out cars for its operation. All railroads not serving coal mines themselves were ordered to deliver empty coal cars to coal loading railroads as fast as they become available and without any delay and di-

"SHOOT WHEN YOU SEE THE WHITES OF THEIR EYES," MAYOR TELLS COL. MAX

Wholesale Delivery Of All Canine Prisoners From The Dog Jail Rouses Ire Of The Burgess And Order Follows.

MEANS TO ENFORCE LAWS

Some two weeks ago and following many complaints from citizens, Burgess Kittelberger decided to enforce the State Dog Law. For this purpose he employed Col. Max Kuhn, who was awarded the proud title of "King of the dog killers" after demonstrating in this and adjoining communities that he was the "real works" when it came to dispatching the worthless curs which infest the community.

"Col. Max" took up his duties in all seriousness and promptly got into action. The Borough authorities had a "pound" built on the Borough lot on Market Street, the Burgess deciding it was better to pick up stray dogs and hold them for a time before destroying them in order that it might be possible for his owner to rescue Fido in case he actually got away from his kennel. Pursuant to that policy Col. Max gathered up five untagged dogs up to Saturday last when some evil disposed person opened the pound door and all five pups regained liberty and saved their lives.

. A lock was procured for the door and up to last evening four more law defying canines had been gathered in to the fold. Last night some person went to the pound pried off the lock broke open the door and again liberated "Col. Max's" dogs.

This morning when apprised of the situation Burgess Kittelberger issued orders to the "Colonel" to "shoot on sight' immediately after being taken into custody every dog caught running at large up on the streets of Clearfield.

Burgess Kittelberger desires to make it plain that the order to enforce the State dog law in Clearfield is no joke. The citizens demanded it and he proposes to have the law obeyed. He desired to give every dog his day and the owner chance to redeem him before execution, but if dog owners do not desire to have it that way, they can and will have war and war to the knife, with no quarter asked and none given.

"Col Mac" is now on the wing and will shoot on sight, while poor Fido may well ejaculate "spare us from our fool friends."

Progressives and Service Men Coming to the Next Congress

"Young Blood To Have Its Way As Veterans Of Many Years Yield To Age Or To Hostile Voters

By KENNETH W. CLARK
(United Press Staff Correspondent)

Washington, D. C. July 26.(United Press).—Congress is due for an infusion of "young blood,"as this year's campaign finds many of the veterans of the legislative halls retiring to their homes, either from choice or because of the popular will.

Not only will younger men, in many cases, occupy the seats now held by stalwarts of another day, but men of a younger political era, insurgents are,will be more numerous in the next congress than in many years.

The "young bloods," it now appears likely, will be largely in two groups—the socalled progressives and the service men,, veterans of the world war.

The progressives bid fair to infuse new life into the progressive block in the senate by increasing its numbers while in the house the already considerable representation of war veterans probably will be substantially increased.

"UnUcle Joe" Cannon, patriarch of Capitol Hill, who will retire, rounds out 46 yeas service in the House next March. Fordney of Michigan, joint author with Senator McCumber, of the Fordney-McCumber tariff, now under discussion in the senate, is retiring after 24 years' continuous service. Rodenberg, Illinois, after 20 years, has declined to run again. Mondell, Wyoming, is a candidate for senate after 26 years in the House.

In the Senate, McCumber, North Dakota, fourth oldest in length of service, in the Upper Chamber, leaves after 24 years, being defeated for Republican nomination by former Governor Lynn J. Frazier, Culberson Texas, defeated by the Klan; Warren, Wyoming, Nelson, Minnesota, and Lodge, Massachusetts, are the only ones who were in the senate when McCumber was first elected. McCumber is 64.

Page, of Vermont, probably will not be a candidate again, after serving since 1908. Williams, Mississippi elected in 1911, refuses to be a can-

(Continued on Page 2).

BROPHY TAKES NOTE OF WATKINS OFFER TO HIS EMPLOYES

Commenting on the second bulletin posted by the Pennsylvania Coal and Coke corporation of Cresson addressed to its employes, Mr. Brophy, President of District No. 2, says:

"The Pennsylvania Coal and Coke Company takes the position that they want an investigation, but the Central Pennsylvania Coal Producers Association as a whole have bitterly opposed any such investigation of private business such as investments, costs and profits. The National Coal Association, of which T. H. Watkins was an officer, was instrumental in 1920 in securing an injunction restraining the Federal Trade Commission from making such an investigation.

"The miners accepted whole heartedly that part of President Harding's proposal dealing with fact finding in coal. Watkins now tells us he is for such an investigation. Will Mr. Watkins make public the earnings of his corporation during the past 5 years? The reports will show enormous earnings. Watkins' proposed sliding scale has meant a slide downward for the miner in order that his company in peace time may continue to earn high war profits. What these war profits were for his corporation his financial statement will show. Watkin's offer of an audit under his proposed sliding scale is an audit of selected figures on an arbitrary base fixed by Mr. Watkins. He is for fact finding providing it is restricted to facts he wants investigated, just as he is for sliding scale for miners that will slide downward because of conditions he imposes. He is for collective bargaining but in reality is for individual bargaining as his proposal shows.

"The miners will remain loyal to the organization and its policies."

MAYOR CALLS HALT ON BIG BUILDING OPERATION HERE

Burgess Kittelberger, by advice of Borough Solicitor Urey, and acting on complaint from adjoining property owners called a halt on the improvements being made at the A. W. Leonardson Company store on Market street.

Contractor Ashley Rishell has had a crew of men at work for several days on their preliminary details incident to the removal of the present front of the building preparatory to putting in the handsome new front with which the store is to be equipped. Mr. Rishell's plan provided for keeping the sidewalk open to pedestrians by the erection of a barrier over the walk for safety and in order that the front should not be made entirely useless for display purposes the part of the shed or building ex-

(Continued on Page 2).

EXPECT ACTUAL MINING OF COAL EARLY NEXT WEEK

Cokesburg, Pa. July 26.—Actual mining of coal in the soft coal regions may be under way within a week according to indications here today. While strike breakers were being brot into the mines in increasing numbers heads of the National Guard met on request from the coal operators for detachments of troops to guard their properties. Colonel E. J. Stackpole; Adjutant General Frank D.Beary and General Edward C. Shannon; the latter, acting commander of the National Guard were to decide today whether more troops shall be sent here from the training camp at Mount Gretna Commissioned officers o fthe Guardsmen met with Washington County officials on legal methods of dealing with any emergency arising from the occupation.

Patrick Duckett is seriously ill at the Clearfield Hospital.

RUMORED LEWIS WILL COMPROMISE ON DISTRICTS

Cleveland, July 26.—Reports that John L. Lewis, miners' chief, will call a meeting here of all operators of the country willing to negotiate wage agreements on a district or national basis were in circulation here to-day. The reports could not be verified, how ever, Ohio operators asserting they knew nothing of it.

HARDING SUMMONS ATTERBURY, FIRST TO DISOBEY BOARD

Washington, July 26.—A conference whic hmay have a vital bearing on the rail strike situation was held at the White House to-day. President Harding met with W. W. Atterbury, of the Pennsylvania Railroad and Director General of the Railroads Davis. The exact purpose o fthe conference was not revealed but significance was attached to it on account of the attitude of the Pennsylvania Railroad in refusing to abide by the decision of the Railroad Labor Board.

PROMINENT MEN GIVE VIEWS ON NEEDS OF TODAY

Chicago, July 26.—A call for common sense and a fair spirit of give and take in the rail and coal controversies was callled today by representative Americans disassociated with either industry following the proclamation of a National emergency by the Interstate Commerce Commission. In exclusive telegrams to the United Press a number of prominent leaders gave their views o fthe crises.

William Jennings Bryan called for a resumption of work until the differences between the men and the operators in both industries can be straightened out.

Judge Ben Lindsay appealed for the patriotic spirit of war times.

Carl Vrooman, former Secretary of Agriculture, advocated large doses of Democracy and common sense.

Lyman Abbott advocated a non-partisan commission and a combination in organized industry between the management and labor.

Irving Fisher demanded respect for the Government and the Rail Labor Board.

LABOR LEADERS TO PROTEST SENDING OF GUARDS TO MINES

Harrisburg, Pa., July 26.—National and State labor leaders are expected to attend the State Labor Conference here next Wednesday to protest against the sending of the Pennsylvania aNtional Guard to the coal fields, labor officials stated here today. The call for the conference was sent out last night by the Pennsylavania State Federation of Labor Samuel Gompers, President of the Federation and John L. Lewis, President of the United Mine Workers, are expected to address the conference.

Plans weer being made today by labor leaders to turn thier protest against the use of troops into effective political action. Officials of the Federation stated that measures would be taken to oppose candidates at the next election who were known to be in sympathy with the use of troops.

SOMERSET MINE IS FIRST TO OPEN

Altoona, Pa., uJly 26.—Reports to the General Coal Association here today show that the Consolidated Coal Company's mine at Jerome Somerset county ,is the first to reopen under the Harding plan. Production was said to have reached ten cars a day.

GOOD TIME PLANNED FOR ALL TOMORROW BY COMMUNITY SERVICE AND LEGION

LEGION PROGRAM

That bunch of live wires known as the American Legion has provided a program for the half holiday tomorrow that shouuld take care of the afternoon and evening in fine shape for everybody.

In the afternoon St. Mary's comes over the hill and Cort Bell's aggregation will cross bats with them on the Driving Park diamond. Cort tells us that the team has been strengthened and that they will put up a better game than they did last Thursday.

At eight o'clock in the evening Prof. Thayer and his far famed American Legion Band will give a concert in the park band stand. The program being worked out consists of some big overtures and is interspersed with popular jazz and rousing military marches.

Following the band concert there will be a dance in the Exposition Hall at the Park. Martin's Susquehanna Eight will furnish the music. One of the features of this dance will be the opening number. This will be played by the American Legion Band

The Band Programme

—March "Battery Park" Thayer
2—Overture "Martha" Flotow
3—Narcissus Nevin
4—Sweet Old Songs from the Emerald Isle Arr. Edward Beyer
Including: Come Back to Erin; Brien Borhoims; Kathleen Mavourneen; The Rakes of Mallow; Cruiskeen Lawn; Killarney; Sally, Shilly Shally To Ladies Eyes Around Boys; The Harp That Once Through, Tara's Halls.
5—They Call it Dancing Berlin
Mr. Victor Meredith
6—Scenes from Opera Faust Gounod
7—Star Spangled Banner.

Fine Baseball

The St. Mary's baseball team will be the attraction at the Driving Park Thursday afternoon. Manager Bell has his American Legion team in the best shape of the season and the game gives promise of being really worth seeing.

The Elk county boys have a couple of last year's Elco team in their line up and will come to Clearfield determined to win.

The fans should turn out and give the local team the encouragement it deserves.

C. C. S. PROGRAM

Tomorrow is to be banner day for the playgrounds and sports programs inaugurated by the Community Service in the Third and Fourth Wards.

After some delay of an unavoidable nature all the play ground apparatus has been installed and is ready for action and promptly at 5:00 o'clock tomorrow afternoon at both the 3rd and 4th Ward playgrounds festivities will open with basket picnics

The Fourth Ward will stage a purely home affair,—family party as it were. They will have their own Italian Band to furnish the music. Large bon fires will be built to light the grounds later in the evening. There will be several story telling groups and games for all ages. There will also be community singing. This affair promises to eclipse anything of a community nature ever held in any Clearfield locality.

Not to be outdone by the Fourth Ward, there is also to be a basket picnic at the Driving Park at 5:00 o'clock after which the Lutherans will cross bats with the C. I. C. team of the West Side and the regular scheduled horseshoe games in the tournament will be played. The teams competing tomorrow night will be Waite and Hurd vs. Woods and Woods, Hughes and Maurey vs Flegal and Flegal, Healy and Sands vs. Murray and Kolb. After the sporting events there will be the regular American Legion Band concert and community singing with the band leading.

An added feature of the general community activities that will augment the crowd is the combined picnic of the Men's Bible Class and Class No. 4 of the Presbyterian church. Those who wish conveyance provided will meet at the church 3 p. m. but arrivals up until nearly 5 p. m. will be in time for the big supper.

WHEN TO SEND THE KIDDIES TO THE PLAYGROUND

Every week day from 10:00 o'clock until noon and from 1:30 P. M. until 5:00 P. M.

During these hours a trained supervisor is there to direct their play and look after their safety.

Every Monday, Wednesday and Friday, from 3:00 to 4:00 P. M. is the story telling period at each playground.

FARM BUREAU PUTS OUT TIMELY ADVICE ON MANY SUBJECTS

Clearfield, Pa., July 25.—When the laying quarters are "sweat boxes" instead of comfortable nests during the summer months, there is something wrong with the ventiating system, according to L. W. Steelman, specialist in the poultry extension work at the Pennsylvania State College. Heat in the summer is worse on a hen than the cold in the winter. It is not a rare sight to see hens overcome by heat in July and August. Broodiness, too, is more prevalent in stuffy quarters.

Provide ventilators at the front and rear of the house directly below the roof. Small windows of six 8"x10" panes put in below the roost at the rear of the house at intervals of ten feet, will also help greatly in correcting the stuffiness of the house. In the winter these underroost windows supply additional light for scratching, and when removed in summer along with those in the front of the house they insure plenty of open space, so that the air circulates freely and the temperature registers somewhat below normal.

A vigorous queen bee means success in the bee colony, and likewise a failing queen spells failure. Every successful bee keeper knows the importance of providing a young queen for his bees every year sometime during the month between July 15th and August 15th. Mr. George H. Rea, Extension Apiculturist at State College believes that regardless of all other good

(Continued on Page 7.)

ESCAPING CHLORINE GASSERIOUSLYBURNS ALEX FRANKHOUSER

Alex Frankhauser, of Curwensville, was very seriously burned, narrowly escaping death, on Saturday evening when in performing some labor in connection with the charging of a water tank with chlorine gas for purification purposes, the cap came loose, allowing the gas to escape. Chlorine gas is very deadly in its effects and the unfortunate man was terribly burned about the face, neck and chest. Prompt treatment by Dr. Erhard gave him relief and while his conditions is yet critical he is on the road to recovery.

GET YOUR NAMES IN

We are informed by Scout Director Warren that applications for the Boy Scout Camp must be in by Saturday evening next in order to determine whether it will be possible to open the Scout camp for August.

Thirty boys are required to warrant the Council opening the camp, as as that number has not been received, those boys who desire to Camp should get their names in. The cost is but $5.00 per week, payable in advance and any boy of the requisite age may take advantage of the camp whether a Boy Scout or not.

didate for re-election

Question of Senority

Passing of the captains who for so long have kept the Capitol ship on an even keel, at once opens up the perplexing question of senority [illegible] in appointing committee chairmen.

Heretofore, w[illegible] few exceptions, it has been the unwritten law that point of service shall determine chairmanships. The most notable deviation was the appointment of Pen Madden, Il., to the chairmanship of the appropriations committee.

The senority question in the senate is particularly annoying to party leaders. With McCu[illegible] out, Smoot Utah, ordinarily, wou[illegible] succeed to head of the finance committee. But Smoot is on the appro[illegible] ions committee, a[illegible] cannot ho[illegible] h posts. If he sho[illegible] decide t[illegible] n with appropria[illegible], LaFolle[illegible] Wisconsin, whom conservatives have tried "to read out" of the Repu lican party would, under senority rule, succeed to the finance chairmanship. That is not all th[illegible] aim of the Old Guard, who are opposed to liberals in important senate posts.

A simi ar situation develops in the foreign relations committee. Should Lodge be defeated for re-election, Borah, Idaho, whose ideas on world relationship are not in accord with Old Guard policies, approaches the chairmanship. McCumber is at present the ranking Republican.

Briefly the situation with confronts standpatters simmers down to this.

While senority rule is as a usual thing, i[illegible] satisfactory, certain instances arrive when the committee must be brave to deviate from the long-established unwritten law.

This appears to be the year—with two Republican "insurgents" in line for two of the most important committee posts in the senate.

version.

Public utilities, which the commission placed as entitled to coal supply after railroad fuel were defined in the order as street and interurban railways, electric power and light, gas, water and sewer works, ice plants serving the public generally or refrigerating food-stuffs, and hospitals.

Operators Adopt Plan

Coincident with the issuance of emergency service orders by the interstate commerce commission, the conference of operators from producing fields concluded their discussions with Secretary Hoover.

Mr. Hoover announced that the operators had adopted the tentative emergency coal control plan subject to the approval of their associations, but, he added, there would be no trouble with the associations.

The next step, he declared, would be the appointment of a central committee by President Harding, which would enable the administration's emergency machine to begin functioning.

The immediate policy of the Government in the coal strike situation was declared at the White House today to be a continuation of its endeavors to furnish protection to men willing to work in the mines and to put into motion the machinery decided upon for distribution of the dwindling coal supply.

The statement was made that should coal not be produced in appreciable quantities under this protection and in accordance with the President's invitation to the operators to open the mines, some other steps might be taken, but that President Harding was unwilling to consider at this time what they might be.

The administration spokesman said appointment of a Federal commission to go into the coal industry and ascertain the facts was not in prospect at least this week.

Orchids in British Isles.

Glasgow, with 12,000 orchids in four of its public gardens, probably takes the lead among British municipalities. Kew gardens has 1,000 or more different orchids in cultivation, but 10 or 20 times that number are represented in a dry state, stored and classified in the Kew herbarium. Apart from public gardens, orchid growing in the past has been considered the special privilege of the rich.

Can't Help That.

"I don't see why the ways of erring girls are always blamed upon their mothers and motor cars," says Miss Constance van Quentin. "Girls have to have mothers, and mothers have to have motor cars, don't they?"—Kansas City Star.

MAYOR CALLS HALT

Continued from Page One

tending from the outside line of the pavement to the curb was enclosed and display windows facing the sidewalk put in.

Objection to the arrangement or alleged obstruction was made to the authorities by owners of adjoining Market street stores and after consulting the Borough Solicitor, Burgess Kittelberger directed Chief of Police McMullen to notify Mr. Rishell to have the work stopped.

Mr. Leonardson and Manager Oxley happened to be out of town; there was nothing else for Contractor Rishell to do but suspend operations pending their return home.

Objections to the extension of the building over the sidewealk was made on the ground that it interfered with the display windows of the adjoining stores. The boro authorities seemed to think it a valid objection and acted accordingly. Whether or not the Leonardson improvement is a violation of Borough law, we are not prepared to say; the borough authorities are and have said it. Here is the Borough law governing the case:

The first Borough Ordinance governing the granting of permits to occupy streets or alleys while building or [illegible] dering says:

Sec. 1.—"That hereafter no person shall be permitted to occupy any street or portion of street for the purpose of laying thereon building material, or of erecting scaffolding or other appliances connected with the erection of any building except they first obtain from the Clerk of the Town Council a permit to use the same.

Sec. 2.—"The clerk shall grant no permit to any owner or builder for a longer period than six months or to use any other portion of the street than half of the street fronting the premises on which the said building is to be erected.

The Ordinance providing for the prevention of placing obstructions on the street passed in 1900, provides "that the Ordinance shall not be so construed as to prevent any person or persons from depositing building materials on the sides of said street so as to leave sufficient room for the free passage of wagons, buggies, carriages and other vehicles."

Ward's Orange-CRUSH
Reg. U.S. Pat. Off.

Let the "Crinkly" Bottle be your guide to the *genuine* "Crushes" — and your guard against substitution. These are the world's largest selling fruit-flavored drinks — due to their quality, purity and deliciousness. Also dispensed ice-cold at fountains.

Ward's Lemon-CRUSH
Ward's Lime-CRUSH

Ingredients

The three "Crush" drinks get their flavors from the delicate fruit oils pressed from the fresh outer skins of oranges, lemons or limes, to which are added juices from these fruits, cane sugar, U. S. certified food color, carbonated water, and citric acid—the natural acid of oranges, lemons and limes.

Distributed exclusively by
CROWN STEAM BOTTLING WORKS
Clearfied, Pa.

The "Crush" flavors are prepared by Orange-Crush Co., Chicago, Winnipeg and London. Send for free pamphlet, "How Orange-Crush Is Made."

ALL MILK SHOULD BE PURE AS GOLD

When we speak of gold we naturally think of it in terms of absolute purity and you'll just naturally think of our milk in the same way.

There's the most scrupulous care taken of the milk that we are serving you with every morning and you'll find that, upon investigation, that nothing that could be done to safeguard the purity of it, is left undone. This milk comes, in the first place, from inspected herds of cows fed with the idea of producinghighly nutritious milk. Then, every care is taken on the farms. The milk reaches our plant within a few hours after milking and then we take the every precaution we have been telling you about to give it to you pure and highly nutritious.

LEGAL

NOTICE TO CONTRACTORS

Sealed proposals giving lump sum price accompanied by receipt for certified check in the sum of One Thousand Dollars ($1000.00) will be received by the Board of Commissioners of Public Grounds and Buildings at the office of the Superintendent, Capitol Building, Harrisburg, Pa., until 12 o'clock noon, Tuesday, August 8th 1922, for the reconstruction complete and repairs to the abutments and piers, and the necessary work in connection with the approaches, of a bridge over the West Branch of the Susquehanna River near Mowrie on the New York Central Railroad (River Division) known as the Rolling Stone Bridge, between the Townships of Covington and Cooper in Clearfield County, Penna.

Parties desiring copies of drawings can obtain same by depositing Ten Dollears ($10.00) which will be refunded upon return of the plans and specifications in good order.

Proposals must be made out upon blanks furnished by the Commonwealth of Pennsylvania. All blanks must be properly filled in and no change in phraseology shall be made.

Bidders must make satisfactory arrangements for the materials they propose to use, to be delivered uninterruptedly in such quantities as to complete the work within the term of the contract. Delay in receiving materials for the work will not be accepted as a reasonable excuse for non-completion of the contract according to the terms thereof.

The Board of Commissioners of Public Grounds and Buildings reserve the right to reject any and all bids.

The words "PROPOSAL ROLLING STONE BRIDGE" must be plainly marked on the outside cover of all proposals.

The State Treasurer's Department, of the Commonwealth of Pennsylvania will furnish receipt to be enclosed with the bids for all checks deposited with the State Treasurer for such purpose prior to ten o'clock A. M. Tuesday, August 8th, 1922.

By order of the Board of Commissioners of Public Grounds and Buildings of the Commonwealth of Pennsylvania.

NOTICE OF APPPLICATION

To The Public Service Commission for Certificate of Public Convenience

Notice is hereby given that application has been made to the Public Service Commission of the Commonwealth of Pennsylvania, under the provisions of the Public Service Law, by The Fullington Auto Bus Co., for a certificate of Public Convenience evidencing the Commission's requisite approval of the amendment to the corporate charter of the Fullington Auto Bus Co., by which section two thereof is amended to read as follows:

[illegible] Said corporation is formed for the purpose of owning and operating [illegible] of vehicles and similar conveyances [illegible] the transportation, as common carriers, of persons, freight merchandise, and other personal property therein, for hire in the Counties of Clearfield and Centre, and particularly between the following places; Borough of Clearfield, Borough of Curwensville, Borough of Grampian Village of Luthersburg, and the City of DuBois, and also between the Borough of Clearfield, Village of Woodland in Bradford Township, Village of Bigler in said Bradford Township Borough of Wallaceton, Village of Blueball in Boggs Township, Borough of Philipsburg in Centre County, over the following routes; Over the street of the Borough of Clearfield and also public road in Lawrence township which is an extension of Turnpike Avenue in said Borough of Clearfield; and over public roads between the Borough of Clearfield, Lawrence township, Pike township and the Borough of Curwensville, Pike township, Penn township, Grampian Borough, Penn township, Bloom township, Brady township, passing through the village of Luthersburg, Sandy township and the public streets of the City of DuBois; and over public roads in Lawrence township and Bradford township to and through the Village of Woodland in said Bradford township to and through the Village of Bigler in said Bradford township, thence by public road in Bradford township to and through the Borough of Wallaceton, thence by public road through Bradford township and Boggs township, to and through the Village of Blue Ball in Boggs township, thence by public road to the borough of Philipsburg in Centre County, and in the Bourough of Philipsburg by the public streets thereof to the corner of Presquile and Main street. and between such other points in the said counties, or in any of them, by such other route, or routes, as shall hereafter be approved by the Public Service Commission of the Commonwealth of Pennsylvania, as evidenced by its certificate, or certifilates. of public convenience", and the approval of a certificate of Public Convenience for the rendering of said service.

A public hearing upon this application will be held in the Commission Building, 112 Market Street, Harrisburg, Pa., on Thursday, August 3rd, 1922, at 9:30 A. M. (Standard time), when and where all persons in interest may appear and be heard, if they so desire.

JOHN C. ARNOLD,
7 19-26ch Solicitor.

ODDS AND ENDS AND THINGS

By J. D. C.

All church goers did not content themselves with slipping nickels, pennies or buttons in the collection basket when it was in circulation in the different churches ofthe United States during the past year. The total of church collections for 1921 was more than $300,000,000. Prof. Scott Nearing, the Socialist windjammer is mad about it ,too.

* * * *

Trout fishermen, berry pickers, campers and hikers, report snakes more than usually plentiful on the mountains this year, which fact is keeping many snake timid nature lovers out of the woods. There is an unknown fear of snakes in the human race, the [illegible] explanation of which is as follows:

Our great great grandmothers of two or three hundred thousand years ago lived in the forests, up in the tree. The sat at night holding their babes in their arms. The thing they most feared was the gigantic snakes, crawling from one tree to another along the limbs, and snatching the sleeping half-human baby from its sleeping mother.

In the daytime the same snake, maller, was crawling among the grass, and when the woman in the ancient days heard a scream and saw no cause, she was quite sure the snake had bitten her youngster.

The third explanation is that woman, being a refined, sensitive creature abhors everything that is creepy, slimy and crawling—snakes, mice, lizards, octopuses and some kinds of men.

* * * *

Every day during the last five years an average of 2,173 persons joined the various churches of America. During the same time an average of three congregations have been organized daily and the average number joining the ministry has been four and one-half persons a day.

The total church membership of the country, according to the latest available figures is 45,997,199. This is an increase of 4,070,345 over the 1916 census figures and indicates a gain of more than 1,000,000 members for the preceding 12 months.

The various religious bodies report 233,101 congregations headed by 200,000 ministers. This is a gain of 5,615 congregations and 8,294 clergy over the governmental figures of 1916. While there has been much talk of a shortage of ministers, the increase in clergy has been approximately 50 per cent more than the increase in the congregations.

* * * *

When is a man old? That question has been agitating the American public from time to time ever since our great nation was born. Being a young nation, the youngest on earth. we were naturally a nation of young men and so predominant was the national idea on the subject that a decade or so ago Dr. Osler, an eminent Baltimore physician started a furore which reached from ocean to ocean when a newspaper quoted him as saying a man ought to be chloroformed after reaching 40 years o fage. The doctor says he did not say it, but a lie well told oftimes travels farther than the truth.

The roster of the great men who are leading the world today, guiding its destinies, inspiring its thoughts, its inventions and its plans and policies are the men well on in years who have long passed the Osler dead-line of age.

We see constantly, however, in the daly papers in Help Wanted advertising the age limit of the applicant set at forty and often at thirty.

When is a man old? Science tells us that he is as old physically as his arteries. When they lose their elasticity, slacken in their responsiveness to calls for extension and distention and show signs of rigidity, he is old physically.

He is old mentally when the arteries of his thinking harden, when he lets prejudice usurp the place of reasoning, when his invention, imagination and initiative are all in the memory of what he was not what he is; when his will controls him instead of his controlling the will, when habits stratify into unchangeableness; when the joy and zest fade from life like a dull grey sunset, when he lives like a backnumber in the shadow of past achievements and has eyes closed to the glory of present opportunity—then he is old mentally.

Some men are in their prime at over seventy, some are in the drab decline at twenty-five. You cannot measure the truth o fmens' ages by a chronometer and a calendar. Some men defy the years with the wonder of their living and will not grow old because they keep their hearts, their minds and their thoughts ever active and in tune with the great real things of life.

* * * *

The nation's principal railroad earned a $16,980,600 net operating income during May, according to reports just available at the Interstate Commerce Commission. This was $11,708,735 more than the net income of the preceding month and nearly double that of May last year.

Very Material reductions in operating costs in the last year constitute a factor favorable to the carriers. Operting expenses in May mounted to $355,588,800 or 6.4 per cent less than in the samem months of 1921.

Total net operating income for January to May inclusive of 1922 was 190 per cent. greater than in the same period of last year. A comparison of operating expenses for the same periods showed a decrease of 13.5 per cent.

*

The state of Pennsylvania will supply tags for holders of fishermen's licenses next year. Requests for such evidence of compliance with the resident fishermens' law have been made by associations, clubs and individuals and a style will be worked out and ordered in time for delivery next year.

* * * *

The automobile driver who allows his car to stand along the State highway at night with the lights out, is not only a danger to the morals of the community but a positive menace to the lives of persons traveling along the public highway. Two accidents Saturday in the vicinity of Morrisdale offer mute testimony to the ever-present danger of allowing cars to be parked along the road with the lights out. There is entirely too much of this business being done in this section and it is high time the State Police or some other agency begins a crusade against it. Every driver who allows his car to stand on the public road with lights out, even for a minute should be hauled up and prosecuted for his violation of the traffic law; and if that don't hold him—in many cases—his wife ought to be told about it.

* * * *

A squad of dry enforcement officers swooped down on DuBois Bootleggers Saturday last and made a haul of ten or a dozen of them. The dry sluths go into a community "incog" and operate for a sufficient length of time to pick up the evidence necessary to secure convictions and when their cases are completed and passed upon by Division Headquarters at Punxsutawney Federal search warrants are prepared and the raid is on. Several strangers are said to have been active in past ten days and we may hear something drop hereabouts before very long.

Ripe Bananas.

Fruits undergo marked changes in chemical composition as they grow to their full size and ripen. In some fruits ripening increases the sugar content and decreases the acid, whereas in some others, both sugar and acid content decrease in the ripening process.

MR. BROPHY'S RESPONSE

It is not surprising that Mr. Brophy has seen fit to comment on the Watkins offer to his former employes. Such a proposition called for notice to be taken of it. No man in an official position with the miners' organization could afford to disregard it. But what does Mr. Brophy say? In the first paragraph of his comment he repeats that Mr. Watkins wants an investigation but cites the part Mr. Watkins played in the past with regard to federal investigation. To begin with the miners' officers and the operators' officers, in order to reach a basis of understanding must be willing to forget the missteps of the past. If either or both are to continue the policy of the pot calling the kettle black there will be no progress. It must be remembered too that the investigation proposed at the time Mr. Brophy mentions was a federal investigation which could not have been carried without a relationship to politics. What is needed is an investigation by an impartial commission, not a congressional hearing with its political tinge. Regardless of what Mr. Watkins wanted or did not want in the past, we must deal in the present, and with a view to the future.

Mr. Brophy asks, "will Mr. Watkins make public the earnings of his corporation for the last five years?" We believe Mr. Watkins answered that question in the fourth item of his original offer in which he said, "we are heartily in favor of a thorough investigation into all phases of the industry, including invested capital, profits, etc. * * * * We have nothing to fear from such an investigation."

Another article dealing with profit sharing, sliding scale and Mr. Brophy's attitude will appear tomorrow.

THIS TREATY SUITS US

The public will be interested in the published details of the Yap agreement for, on the subject of treaties, the average American has a livelier curiosity than the citizen of Europe, whose treaties are legion and concern him only when called on to bear arms in support of them.

Apart from the cable rights given to this country one is attracted by the essentially American limitations placed on the Japanese government in administering the famous speck in the Pacific which loomed once as such a dangerous bone of contention. True, many of the stipulations are included in the official mandate under which Japan administers Yap, but their emphatic re-assertion by the United States is not without significance. Chief among these are the prohibition against forced labor, against military training of the natives, except for internal police purposes, and against fortifications or bases.

A scrutiny of the document shows no single compromise of American national purposes, and has far more than a value of immediate expediency as setting forth for all the world to inspect the character and quality of this nation's viewpoint on international understandings. It is important as containing no clause to be shielded from the eyes of suspicious citizens but rather is a clear exemplification of that new diplomacy for which the battle in recent years has been hard but unceasing.

A treaty is good so long as the conscience of the people signing approve it. So long as American foreign relations are conducted on that basis the fear of foreign entanglements will not exist.

NONE OF MAN'S BUSINESS

The decision of a New York judge that women have the right to wear knickerbockers and to smoke would appear to be merely a restatement of the obvious, were it not for the fact that certain fussy folk by their activities as would-be reformers have confused the question in the public mind. A young married woman was arrested while sitting on her porch at a summer resort, clad in "Knickers" and smoking a cigaret. The charge preferred by the intelligent officer was "vagrancy." "I find nothing wrong in wearing such a costume," was the court's ponderous edict.

But what man, unless a professional costumer, is justified in setting himself up as an authority on women's clothes? Women are not constantly trying to tell men what they shall and shall not wear. Was there ever a time when women dressed more appropriately and sensibly than they do today?

As for smoking by women, that is a question of taste and [illegible] with which the law should have no concern. To arrest a woman for sitting on her porch in knickerbockers, smoking a cigaret, on the charge of vagrancy, while our city streets are filled with male loafers, who do nothing but obstruct the [illegible] and insult passers-by, is to make a mockery of justice.

Live Long Like a Tortoise.

Advising people that they will live longer if they breathe slowly, a physical training expert exhorts us to "go to" the tortoise. He explains that the tortoise, the slowest breathing animal of all, lives to a thousand years.—Exchange.

Do Moths Use "Wireless"?

Certain species of moths can communicate with one another even though separated. A female of the Vapourer moth may be inclosed in a wooden pill box. She will attract males from a mile or two.

Historic English Curio.

Among the interesting curios of Windsor castle is a chair made out of the trunk of the famous elm by which the Duke of Wellington stood at the battle of Waterloo.

Idea Being Extended.

The principle of the vacuum cleaner is being applied to unload coal, handle grain and other products in large quantities.

Varying Human Weights.

The normal variations in weight may be greatly affected in different ways. Some men lose six pounds or seven pounds during a Turkish bath, while others gain nearly as much in an equally short time by deep drinking.

A Reminder.

It will be quite time enough to talk about the faults and failings of absent friends when we have assured ourselves that we have none of our own of which to speak.

Fan for Each Hotel Guest.

Every Japanese hotel has a fan, special in itself, containing a view of the hotel and a blessing from the writings of Confucius. One of these is always given to the departing guest.

Must Be Two in Bargain.

The man who complains of having been cheated seldom admits his own bad judgment. Yet, he would hardly have lost had he not himself erred. It always has taken two to make a bargain, and always will take two.—Grit.

THIS SERVICE IS PROVING ITSELF

One of the men who has his truck serviced here, told us to go over his truck. We found some parts worn, other than the trouble that he told us to fix up. We took the matter up with him and after he had heard our story he told us to go ahead and put the truck in A-1 shape. He also said that he appreciated such service for it would save him the second trip to the shop and he could ill afford to have his truck tied up.

We'll give your truck the same sort of service.

Back to the Grain Fields for Health

GRAPE-NUTS is a regular "three bags full" of the best food qualities of whole wheat flour and malted barley, carefully mixed and slowly baked—

To develop all their appetizing flavor,

To preserve all their wholesomeness,

And to provide nature's "broom" that keeps the digestive system spick and span.

There's not a bit of artificial sweetening in Grape-Nuts—it just *becomes* sweet of its own accord in the long baking.

And that enticing flavor—how good it is with good milk or cream! Fruits, too, fresh or cooked, add to the delight of a dish of Grape-Nuts, morning, noon or sundown.

It is a compact, ready-to-eat food—no cooking needed. Why not try it for tomorrow's breakfast?

CURWENSVILLE

Way Powell was a Curwensville visitor yesterday.

Mr. and Mrs. Arthur Price of Clearfield, were visiting with friends in town last evening.

Mr. and Mrs. Percy Holton and Mr. and Mrs. Earl Shaffer spent Tuesday in Grampian.

Mrs. W. A. Pratt has been quite ill at her home on South Side.

Mr. and Mrs. Paul D. Collins arrived last evening to visit Mr. Collins' parents, Rev. and Mrs. J. C. Collins on Walnut street.

Miss Daisy Thompson, of Clearfield was a Curwensvile visitor last evening.

Willis Kelly and Henry Hile, Jr., expect to leave today or tomorrow for the Citizens' Military Training Camp at Langley Field, Virginia.

Mr. and Mrs. John Kelly and daughter Florence, spent part of Tuesday in Clearfield.

S. H. Carey of the Myers-Carey Studios, accompanied by his wife and Mrs. E. R. Freeman and daughter, were in Curwensville last evening.

Dr. H. A. Blair and daughters Ann and Henrietta, motored to Bellefonte yesterday and spent a few hours with Dr. Blair's mother Mrs. Frank Blair.

Mrs. Wm. Pertz, of Punxsutawney, is visiting at the home of Mr. and Mrs. Will Thompson on Thompson street.

The funeral of Mrs. Elias Becker was held from her late home on the South Side on Monday morning at 10 o'clock and was in charge of Rev. Nicely, pastor of the Trinity Lutheran Church of DuBois.

Mrs. Becker, who was in her 19th year, died at her home on Thursday morning of last week after a short illness of a complication of diseases. On May 21, 1865 she was united in marriage to Elias Becker in West Twp. Berks County. To this union were born Amanda who died in 1894 and Mary E., wife of Rev. J. M. Uber who departed this life on Feb. 23 1921. Mrs. Becker is survived by her husband and by an adopted son, Oliver Montz, and by a sister, Mrs. Rebecca Freyman of Weatherly, Pa., and by two brothers, Lewis Steigerwalt of Sitler, PPa., Joel Steigerwalt of Strasburg, Pa., and by a half brother Joseph Steigerwalt of Lansford, Pa. Mrs. Becker was a life long member of the Lutheran church and was a christian in the truest sense of the word.

NOTICE TO BIDDERS

Sale of $27,000 Bigler Township Road Bonds

Notice is hereby given that the Supervisors of the Township of Bigler will on Wednesday, 23rd day of August, 1922, at 10 o'clock A. M. at the office of the Supervisors in the Village of Madera, Pennsylvania receive bids and sell to the highest bidder $27,000 par value, of Bigler Township Road Bonds of issue of 1922.

These bonds are a part of a $52,000 bond issue assented to by the qualified electors of the Township of Bigler at a special election held in said township on the 20th day of September, A. D. 1921, and this issue of bonds is authorized by resolutions of the Supervisors of said Township unanimously adopted on the 11th day of July A. D. 1922, said bonds being issued for the purpose of payment of certain obligations, for which the Township of Bigler has become liable, in the building and construction of certain portions of roads in the Township of Bigler, and for the payment for rights of way and damages caused by relocation and construction of roads as particularly set forth in the resolutions aforesaid.

These bonds bear interest at the rate of 5½% per annum, payable semi-annually, to wit, on the 15th days of February and August in each year to maturity; are issued free and clear of all State taxes of the State of Pennsylvania.

The bonds to be sold are 27 of the denomination of $1000, numbered from 1 to 27 both inclusive are what is known as coupon bonds; and mature and become payable, on the 15th day of August, A. D. 1937.

The bonds bear date of August 15, 1922.

No bids will be received on said bonds at less than par and accrued interest.

The Supervisors reserve the right to reject any and all bids.

By order of the Supervisors of the Township of Bigler.

ATLANTIC GASOLINE is Full-powered

Keen observers—motor-truck and motor-car owners whose selection of gasoline is based on long-period test and carefully kept records—know the meaning of "full-powered," not only from the standpoint of power, but in the matter of fuel economy and efficiency range.

They are good leaders to follow. Most of them use ATLANTIC Gasoline.

They've discovered that Atlantic is more than just "good" gasoline; that it is RIGHT gasoline—a fuel which has vigor as well as liveliness; which combines the volatility for *action* with the stability for indomitable piston-driving *force*.

Full-powered—perfectly *balanced!* A gasoline with a uniform "chain of boiling points" that not only assures sure-fire ignition and complete combustion, but gives it the range for maximum efficiency under every speed, load and temperature—*that's* Atlantic!

"There's an Atlantic Pump on the road you are traveling"

E. E. SMITH ANNOUNCING THE W. F. FREDERICK PIANO CO. THRIFT CLUB

Thrift Is Common Sense Applied to Spending - - - Roosevelt

By All Means Join This Club Today!

JUST A WORD

For years I have been handling the Frederick Piano and have been dealing with the W. F. Frederick Piano Co., and I have found them to be the soul of honor in such opportunities as they now offer in this THRIFT CLUB. I have thoroughly gone over the plan and find no flaw in it. I have every confidence in urging you to become a member in this THRIFT CLUB, for I know that you will be glad you took advantage of the offer.

E. E. SMITH.

—THE PURPOSE—

The purpose of this Club is to apply common sense—thrift and economy—to piano buying. Music is a necessity. It is as necessary for happiness as food, shelter and raiment. Every general in the World War knew this to be a fact. It was the singing soldiers who won the battles. It is the musical families who win life's battles

An intelligent purchase of a musical instrument is a thrifty thing

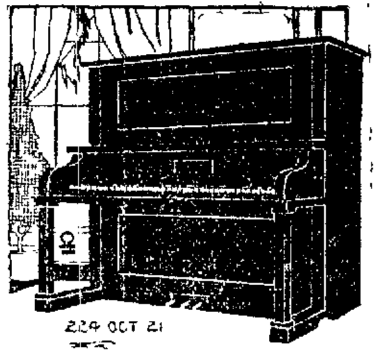
Music encourages thrift. The object of thrift is happiness, and where there is music there is happiness. Music stimulates family morale; it makes the home more attractive, there is less temptation to seek amusement and entertainment elsewhere. Thrifty, intelligent families have music in their homes. This opportunity is for thrifty families.

—THE PLAN—

Briefly, we have arranged to form a Club for thrifty piano buyers. We will supply the members with one of these famous Pianos, Player-Pianos or Baby Grand Pianos from our regular stocks. We will allow each member three years to complete their payments and we will protect each member in case of illness, sickness or non-employment. We will assume all risk in case of fire; we will fully guarantee every instrument ten years. We will allow you six months to exchange the instrument if you think you would prefer something else. Surely no better opportunity could ever be secured for an intelligent purchase of a piano or a player-piano.

—LIMITED MEMBERSHIP—

Naturally, because of the unusual advantages offered, we must limit the number of instruments to be sold under this Plan. No matter what your taste may be, this Club can supply your wants. Only Members will be allowed the advantages of these special prices and conditions. As soon as the allotted instruments are sold, the Club will close. This is an opportunity that thrifty buyers will gratefully remember.



UPRIGHT PIANOS

These upright pianos offered to members of this Thrift Club are nationally known instruments.

They are one of the celebrated lines handled by us for many years. People of two generations have bought and used these pianos and have found them to be of the highest possible merit.

In style and design they are rich and artistic. The workmanship and material are of the highest grade. Durability is one of the qualities for which these pianos are particularly known. You will find the action and touch very sensitive and responsive. And best of all the tone is full, round and pure. This, of course, is due to their superior construction.

The resulting tone quality far surpasses that of the average upright piano.

These pianos are very beautiful in design and are instruments that any home may be proud to own.

PLAYER-PIANOS

Members of this Thrift Club who desire player-pianos will receive instruments of the highest type.

These instruments will do everything that any other player-piano will do and it will do it easier, better and with less effort on your part.

In design they have the very latest and the most modern features. For piano playing they are ideal. The action and touch are adjusted to the finest point. You will find it very responsive and versatile, an instrument capable of satisfying the most critical pianist. In tone they have a rich, soulful quality, most unusual in pianos of this style.

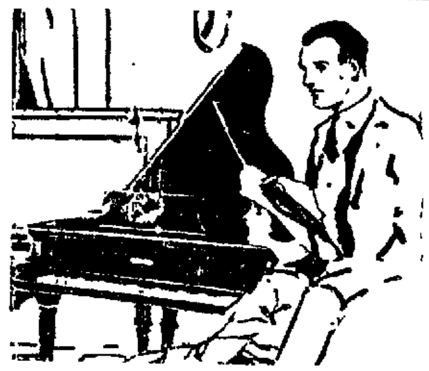
Best of all is its power as a player-piano.

It contains famous patented features, and is fully guaranteed and warranted by the makers, as well as by ourselves.

There is no better value anywhere than in these superb instruments and to be able to secure one at anything less than the regular price is an event far above the ordinary.

Remember this player-piano has all the approved features and many special patented devices found only on these instruments.

This is a real opportunity to secure a high-grade standard player-piano at a saving.



BABY GRAND PIANOS

These Baby Grand pianos have been known ever since the first baby grand pianos appeared in the piano field.

In fact, they were one of the first successful small-sized grand-pianos ever to be offered to the public.

There are hundreds of these famous Baby grand pianos in homes throughout the country. Thrift Club members may well consider themselves very fortunate in being allowed to select these high-grade Baby Grand pianos by this plan.

They are extremely attractive in design. Those offered in this Club are of the miniature grand type. The size and shape are daintily and beautifully proportioned and every feature is in complete accord with the general design. They are in every sense the aristocrat among fine pianos.

The workmanship and materials of these instruments are of the very finest. Everything has been done to make them marvels of the piano maker's art.

The striking feature outside of the unusual shape and size is the remarkable tone quality. This beautiful little Grand piano has a tone far superior to other grand pianos that are much larger in size.

AN UNUSUAL OPPORTUNITY FOR THRIFTY BUYERS

YOU SECURE A WELL-KNOWN STANDARD INSTRUMENT—a famous piano of proven merit. One of our well-known lines which have won a place in thousands of homes for over two generations. **YOU HAVE THREE YEARS TO PAY**—you do not have to pay the entire amount at the time of purchase—you may spread the payments over a period of three years. **YOU HAVE SIX MONTHS TO EXCHANGE IT**—if for any reason you want another instrument than the one you selected, we will make an even exchange for you any time within six months, applying all payments at full value. **YOU RECEIVE A 10-YEAR GUARANTEE** with any piano or player-piano bought through this Club. **YOU ARE PROTECTED IN CASE OF SICKNESS, INJURY OR NON-EMPLOYMENT**—we will allow you to make half payments if necessary. **YOUR FAMILY IS PROTECTED IN CASE OF YOUR DEATH**—we will release them from further payments and give them a receipt in full at once. **YOU ARE PROTECTED IN CASE OF FIRE**—we will replace the instrument or repair it to your entire satisfaction. **YOU RECEIVE TWELVE MONTHS' FREE REPAIR SERVICE**—any necessary regulations or adjustments will be made free within twelve months from date of delivery. **YOU RECEIVE SPECIAL EQUIPMENT WITH THE INSTRUMENT**—for details, read our newspaper advertisements. **YOUR INSTRUMENT WILL BE DELIVERED FREE**—to any point within 50 miles of our store. To points beyond, freight charges will be added. **YOU PARTAKE IN A REMARKABLE PIANO-BUYING OPPORTUNITY**—you make a good, safe investment in an article that will make your home more attractive and bring you real educational value, wholesome entertainment and genuine happiness. **YOU WILL BE PRACTICING "COMMON-SENSE" THRIFT.**

Membership Fee

$1.00

The cost of a Club Membership is a mere trifle. One Dollar ($1.00) will secure these opportunities for you. Merely fill out the Application Blank and bring or send it to our store with your $1.00 membership fee. If your application is accepted you will receive a properly signed Membership Certificate which will entitle you to every Club advantage. This surely is an opportunity of a lifetime.

You should fill out the Application and bring or send it in at once.

APPLICATION FOR MEMBERSHIP

Date . . . . , 192. . . .

Gentlemen:—

Please enter my application for membership in your THRIFT CLUB.

I herewith pay you the membership fee of One Dollar ($1.00), which, if my application is accepted, will entitle me to a full membership in your Thrift Club, together with all the Club advantages if I select a Thrift Club piano or player-piano at your store after my application is accepted, it being distinctly understood that if my application is rejected or if I decide not to make a selection, the membership fee will be refunded.

I am interested in . . . .
(Piano, Player-Piano or Grand Piano)

I give below names of two business references to whom you may write for information as to my integrity and responsibility:

Name . . . .
Address . . . .
Name . . . .
Address . . . .

My Name . . . .
Street . . . .
City . . . . State . . . .
Occupation . . . .
With . . . .

No members will be accepted without giving two satisfactory business references.

NOTE—Applicant must sign in person.

THIS IS AN OPPORTUNITY THAT DESERVES IMMEDIATE CONSIDERATION

Its equal may never come again. The Membership Fee is only $1.00, to say nothing of all the other features. Keep in mind also that if you do not buy, or if your application is rejected, your Membership Fee will be promptly refunded. Remember—this Club is limited in membership. It is not necessary to buy as soon as your application is accepted—but as soon as the quota of members is accepted the Club will close.

Fill out the application and mail it TODAY with your $1.00 Membership Fee

Remember—if you do not buy, or if your application is rejected, your $1.00 Membership Fee will be refunded.

Tom Sims SAYS---

Sometimes a man starts out to show his wife who is boss and learns.

Who wants to laugh and grow fat during the hot summer months?

"Drop Fatal"—headline. Sounds like more bootleg stuff.

One day last week a train was late when a man wanted it to be.

Working yourself to death is hard. Loafing yourself to death is easier and much quicker.

It took a few hard knocks to get Ruth to put in some hard knocks.

Sure, flappers are liberty belles. "Peel off, wild belles."

In Berlin a man accused of killing 20 people hung himself. He got the right man at last.

Boys leave the farm because they hate to plow through life.

There is a wave of business revival, but some men are kicking because it isn't a flood.

Isn't it about time to change the saying "That's a horse on me" to "That's an auto on me?"

Very few children succeed in getting born into a rich family.

New York woman named Moon asks divorce because hubby stayed out at night and thats the truth.

Florida man who started out for the time of his life is in jail for the time of his life.

A village is where the police and fire departments are the same man.

"Prices Advance in Shoes"—headline. They usually sneak up barefooted.

Los Angeles woman killed herself after writing a poem. That isn't such a bad habit.

Judge rules it no crime to play a grind organ on Sunday. We rule it's a crime to play one any time.

One day last week a girl stood up in a street car because her stocking had a hole in the knee.

When a gossip meets a rumor the recording angel writes shorthand.

Most of the European crisis are being "Made in Germany."

Restaurants are selling corn on the cob and string on the beans.

Wonder if Ireland talks about our peace as we do about hers?

Talk about love at first sight some of them must fall in love without looking at all.

Being good because there is nothing else to do doesn't count.

When a man reaches for his hip pocket you never know whether he is going to shoot you or poison you.

A sure thing is when your wife says she is going anyhow.

In Telluride, Col., a donkey brayed itself to death. Wish we hadn't sworn off talking about Bryan.

Fashion says fall skirts will be too long instead of too short.

A swell neighborhood is where you can be gone for a few weeks and no one misses you.

No wonder there is so much trouble. Everybody is making it.

There may be no connection, but the increase in rubber heels and divorce suits is about the same.

One day last week a man understood a railroad time table.

Be careful how you swap confidences or you will get cheated.

A man can have his own way if there isn't somebody else in it.

FARM BUREAU

Continued from Page One

beekeeping methods used unless a beekeeper looks to this one essential point his bee keeper will turn out to be unprofitable.

Mr. Rea has prepared a popular circular on the rearing of queen bees that gives the honey producer many practical pointers and methods for raising his own queens. Contrary to the general belief, queen raising is not a highly scientific and complicated task but is largely dependent on doing a few things well and at the right time. The bee man who is interested in the selection of his stock will do well to send to the college for this circular, addressing his letter to Mr. Rea.

The use of improved water systems on Pennsylvania Farms has increased greatly in the last few years. In many cases a complete system is installed including bath room conveniences and proper equipment for the disposal of sewerage. There are however 40,000 farms in the United States that have running water in the house but no bath facilities or adequate system of sewerage disposal. A septic tank on each of these farms would serve as a sanitary method of disposing of the sewerage and would probably cost less in the end than the unsanitary cess pool which is a constant menace to health.

It is an easy matter to build an efficient septic tank if the proper wooden form is used in casting concrete. The tanks and connections should not cost more than $50 to $75 including the farmer's labor. The septic tank recommended by the Clearfield County Farm Bureau and endorsed by the State Department of Health has been found most satisfactory on each of the 24 farms where one has been installed under the direction of the Agriculture Extension Service at State College. In some counties the standard forms used in making the tank have been retained by the Farm Bureau and have been used in the construction of at least 25 additional tanks.

Old Sour Face

This fellow seems to have a grouch. Maybe that's because he'll miss his schnapps when he leaves Germany to tour America. He's Bill, a canine comedian.

He's Worse Than a Nuisance

As vinegar to the teeth and as smoke to the eyes so is the sluggard to them that send him.—Solomon.

THE HOPE OF THE WORLD

The war of 1914 laid half the nations of the world in the dust. Their homes, their industries, their peace must be restored by the rising generation. In them is the hope of the world.

To make motherhood easier, to secure for every baby a clean bill of health and a fair start in life—that is the problem.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for mothers and for future mothers. For fifty years this medicine has been used successfully in all non surgical cases of women's diseases.

Japanese Term "Shogun."

"Shogun" is a Japanese term for great general, or commander-in-chief. For several centuries the shogun class exercised the real power in Japan, though nominally subject to the emperor. However, in 1867 a revolution restored the power of the emperor and the title of shogun was abolished the following year.

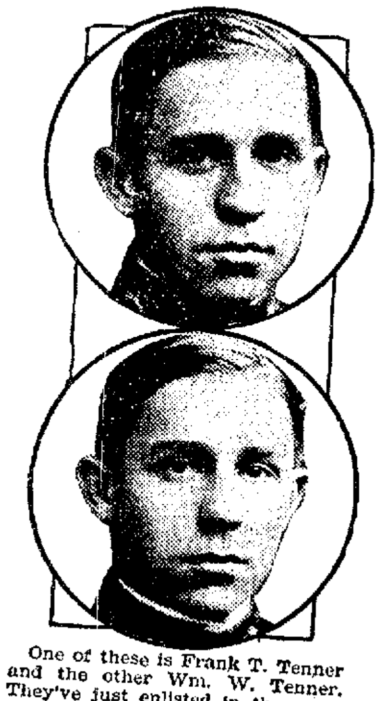
Must Beware of Backward Step.

Dante tells us that the realm which lies just below the strata of honest industry and toil is the realm of deceit occupied by the human wreckage of the vagrant and the petty criminal. Modern civilization would break down completely if men were to return to the animal era of treachery and lying. —James A. S. Aikens.

A Fit Before a Fight

Jack Dempsey isn't waiting until his coming fights to "knock 'em dead." Here Charles Tartaglis, Los Angeles tailor, is fitting him in an outfit that would astonish a ghost.

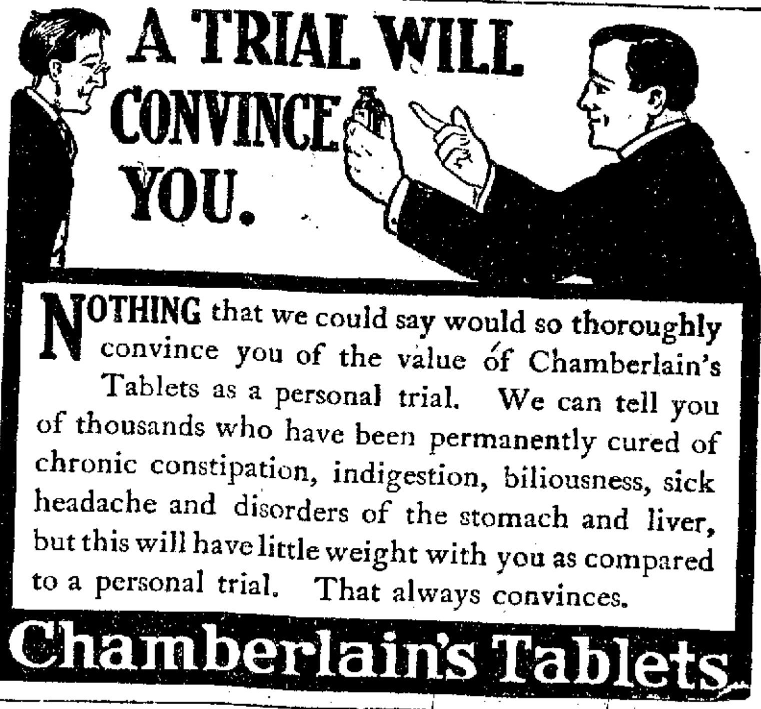
Related?



One of these is Frank T. Tenner and the other Wm. W. Tenner. They've just enlisted in the coast guard service at Washington, D. C. Their mother says she's not sure, but she thinks the one above is Frank.

Ministers to Foolish Fad.

One woman in London is stated to have accumulated a comfortable fortune by running a "beauty parlor" for the pet dogs of fashionable society.



A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

KEYSTONE ICE CREAM

MADE A BIG HIT YESTERDAY WITH A LOT OF FOLKS WHO WANTED A DESSERT WORTH WHILE AND SOMETHING THAT WOULD HELP THEM TO COOL OFF.

Perfect

Flo Ziegfeld and Fokine, the ballet master, believe this girl is the most perfectly formed in America. She is Margie Withington and hails from Cincinnati, O.

Not So Bad.

In "The Edge of the Jungle" William Beebe says that being attacked by a vampire is "rather pleasant than otherwise," and though our own experience has been with vampires of another species, we, too, can testify that the sensation when attacked, is by no means disagreeable.—Boston Transcript.

Lines to Be Remembered.

When fortune brings thee affliction console thyself by remembering that one day thou must see prosperity and another day thou must see difficulty.—The story of the Porter and the Ladies of Bagdad in The Arabian Nights.

Hint for Worrying People.

Best cure for worry is to have so much trouble it isn't worth while.

Powerful Argument.

Agent—The best thing for you is a life insurance. Just think of the heap of money you will get when you are dead.

A. W. LEONARDSON CO.

Wisdom Well Spoken.

Jud Tunkins says after looking at a fashion parade he has decided that if all the world's a stage it ought to have more dressing rooms.—Washington Star.

As We Grow Up.

About all the difference between children and us grownups is that we weigh more and ain't so happy. —Atchison County (Mo.) Mail.

Peculiar Old English Law.

In England it is unlawful to play billiards in a public place on Sunday, Christmas day or Good Friday.

WHY THAT LAME BACK?

That morning lameness — those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Clearfield resident's example.

Lewis E. Wise, 404 River St., says: "While working in the mine, I was caught with a pain in my back. I couldn't do any lifting or anything that caused me to bend over. I had no appetite and the pains in my limbs were severe. Doan's Kidney Pills being highly recommended to me, I began their use and I noticed a change in my condition before taking half a box. On finishing two boxes of Doan's the pains in my back and lameness were all gone."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wise had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Plain Duty of Citizenship.

I have ever considered it as the indispensable duty of every member of society to promote, as far as in him lies, the prosperity of every individual, but more especially the community in which he belongs.—John Hancock.

One Type of Man.

Then there is the type of men who think that anybody who does a decent thing is a hypocrite.—Atchison Globe.

TAKE PICTURES OF YOUR TRIP

It may be a trip to the mountains, it may be a trip to the shore or it may be a trip 'cross country in your car, but you'll want a pictorial history of the whole time you're out.

If you'll drop in and let us show you some of the pictures that the SENECA Cameras have made, there's no doubt but what you'll take one with you.

We have all the popular sizes.

Aughinbaugh's

When Your Watch or Clock Won't Keep Good Time Bill's The Boy That Will Put It Going All Right

And he'll do it in a way that will make you satisfied with his work and, what's more, your watch or clock will run as it should.

If you've been swearing at your watch or at the clock at home because it wouldn't keep any sort of time, bring them to Bill and he'll stop the swearing.

CAR SERVICE HERE THAT YOU'LL APPRECIATE

More and more people have begun to come for the car service they have been looking for during the past. The man in charge of the repairs is a man who has had a wide experience and knows where to look for the troubles that crop up from time to time. Other than the real breaks that are easy to locate, there's the little things that work against your car and are hard to locate, but they're located here because Bill knows how.
